PART I.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 20th November 1908.

READ—

Letter No. 90, dated the 6th July 1908, from the Revenue Commissioner in Mysore, recommending that the raiyats of Hosahalli, a hamlet of Mannekote village, Challakere Taluk, holding lands below the tank of Thippianakote village in the same taluk, may be allowed to pay from the year 1906-07 in which the revision settlement came into force, the same assessment as they were paying before the revision settlement, till their lands get a proper supply of water from the new sluice to be constructed.

No. R. 3149-51—L. R. 41-08-2, DATED BANGALORE, 20TH NOVEMBER 1908.

ORDER THEREON.—During the revision settlement introduced into the Challakere Taluk in the year 1906-07, 78 acres and 31 guntas of land which were previously classed as dry have been converted into wet and garden as being dependent for their water-supply upon the Thippianakote tank. This tank, which was restored subsequently to the original settlement, was fully completed only in the year 1902-03. The total assessment to be paid on all the lands in the Hosahalli village has been raised from Rs. 373-4-0 to Rs. 703-8-0 during the revision. But it is stated that the lands cannot be irrigated from the tank unless a new sluice is constructed as the villagers of taluk prevent any water from passing into the Hosahalli channel by drawing it off into their own channel, before it can accumulate in sufficient quantity outside the shutter and rise into the Hosahalli channel owing to its high level. A project for overcoming the difficulty in respect of the flow of water into the Hosahalli lands is stated to have been prepared at an estimated cost of Rs. 951. The work is expected to be completed by February 1909. The Revenue Commissioner on the recommendation of the Deputy Commissioner, therefore, suggests that until the lands can be properly supplied with water, the revised rates should not be brought into force. Government are, under the circumstances, pleased to sanction the recommendation. The Chief Engineer is requested to see that the work necessary to facilitate the irrigation of the lands from the channel is carried out immediately and efficiently.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Correspondence ending with letter No. 1946, dated 6th August 1908, from the Revenue Commissioner in Mysore, submitting a memo explaining in detail the circumstances which necessitated deviations from a strict adherence to the rules prescribed in Government Order No. R 1678—L. R. 105-06-1, dated 7th August 1906, in regard to certain appointments made by him during the half-year which ended on the 31st December 1907 and proposing that the rules may be relaxed in temporary vacancies and also in permanent vacancies in the case of officials who are past 50 years as they are generally unable to pass examinations although they may be quite competent to discharge the duties of offices for which special qualifications have now been prescribed.

No. R. 3420-1—L. R. 407-07-6, DATED BANGALORE, 30TH NOVEMBER 1908.

ORDER THEREON.—On an examination of the list of appointments made by the Revenue Commissioner during the half-year ended with 31st December 1907, 19 appointments were found to have been made in contravention of the rules regarding the passing of departmental examinations and an explanation of the circumstances under which they were made was called for from the Revenue Commissioner in letter No. R. 6856, dated 24th April 1908. In the case of three of these, it is now ascertained that the officials appointed to them have since qualified themselves by passing the Accounts Examination. These are (1) M. A. Narasimhachar, Taluk Sheristadar of Heggaddevankote, (2) M. Narasimhayya, Revenue Head Accountant, Hassan, and (3) B. Garudachar, Taluk Sheristadar of Chikmagalur. These appointments are therefore approved.

Three other appointments, *viz.*, those of (1) K. Hanumantha Rao, Acting Taluk Sheristadar of Honnali, (2) S. Sitharamiah, Acting Revenue Head Accountant, Hassan, and (3) K. Duggapiah, Acting Taluk Sheristadar of Shimoga, were temporary and have ceased and R. Aravamudiengar, who was appointed Taluk Sheristadar of Sidlaghatta, has been confirmed as Head Clerk, Kolar Sub-Division, for which the passing of the Accounts Test is not necessary.

P. Sanjeeva Rao, C. V. Rama Rao and V. N. Madhava Rao who were already permanent Taluk Sheristadars were merely promoted to a higher grade and these promotions are not in conflict with the rules.

The appointments of H. Ramanna, Head Clerk, Saklespur Sub-Division, and C. Nagesa Rao, Head Clerk, Maddagiri Sub-Division, are not covered by the rules. But in view of the circumstance that these officials are past 55 years and cannot be expected to pass the necessary tests on the eve of their retirement, Government have no objection to allow the appointments to continue till the end of the current official year, if the officials are likely to be retired by that period.

The appointment of M. Krishna Rao, Head Clerk, Chitaldrug Sub-Division, is also allowed to stand in view of the circumstance that he was appointed as *sup pro tem* Revenue Head Munshi from the early part of August 1906, in which appointment he would have been entitled to be confirmed, if the appointment had, as was anticipated at the time of his promotion, fallen permanently vacant by the permanent Head Munshi, who was taken as a Geological Probationer qualifying himself for confirmation in the Geological Department.

M. Ramachendra Rao, Taluk Sheristadar of Mandya, has to pass the Accounts Test before the appointment can be finally approved and another chance may be given to him.

As regards T. Subba Rao, Taluk Sheristadar of Arsikere, who has to pass the Revenue and Criminal Tests, Government direct that, if he fails to pass these tests in November 1908, he must be reverted to an appointment which does not require these qualifications.

The remaining four officials, *viz.*, (1) M. K. Srinivasiengar, Acting Taluk Sheristadar of Sidlaghatta, (2) S. N. Krishna Rao, Acting Revenue Head Munshi,

Land Revenue, dated 30th November 1908.

Shimoga, (3) A. Arunachela Mudaliar, Acting Judicial Head Munshi, Tumkur, and (4) T. A. Rama Iyer, Acting Revenue Head Accountant, Tumkur, are only acting and before they are confirmed they should be required to pass the prescribed tests completely.

Correspondence ending with letter No. 4473, dated the 29th October 1908, from the Revenue Commissioner in Mysore on the above subject.

No. R. 2584-92—AGRI. 41-08-45, DATED BANGALORE, 3RD NOVEMBER 1908.

ORDER THEREON.—As it is reported that the preparation and submission of a daily report regarding the season and rainfall entails heavy labour, Government are pleased to direct that it is sufficient if arrangements are made to furnish Government with daily information regarding the rainfall. When there is any perceptible change in the condition, a special report should be submitted, in addition to the weekly season report and the other reports prescribed under the Famine Code.

Government trust that Deputy Commissioners have arranged for a proper system of intelligence being maintained, and that they are in a position to know the exact situation in their districts at any moment.

D. O dated the 24th October 1908, from the Deputy Commissioner of the Bangalore District, requesting that a sum of Rs. 2,000 may be placed at his disposal to enable him to arrange for the purchase daily at cost price of goods manufactured by weavers, who have been reduced to great distress by the high prices prevailing for food-stuffs and want of means to carry on their trades and proposing to sell the goods through local merchants in accordance with the instructions laid down in Government Order No. 2746-7—R. 03, dated 22nd September 1900.

No. R. 2613-5—AGRI. 62-08-2, DATED BANGALORE, 4TH NOVEMBER 1908.

ORDER THEREON.—The Comptroller is authorized to advance the Deputy Commissioner of the Bangalore District a sum of Rs. 2,000 to enable him to give relief to the distressed weavers in the manner recommended by him. The attention of the Deputy Commissioner is drawn to Sections 218 to 221 of the Famine Code, and he should conform as far as possible to their provisions in administering relief and arranging to receive and dispose of the goods prepared by the weavers relieved.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Agriculture), dated 7th November 1908.

No. R. 2707-44—AGRI. 31-08-4, DATED BANGALORE, 7th NOVEMBER 1908.

ORDER.—As ragi, the common staple food grain of the people, has been selling at less than twelve seers per rupee in the districts of Bangalore, Kolar, Tumkur, and Kadur, the Government are pleased to sanction, for a period of three months in the first instance, an extra allowance at the following rates to all whole-time officials on Civil Establishments, whose pay does not exceed Rs. 20 per mensem, with effect from the 1st October 1908:—

(i) to officials drawing a pay exceeding Rs. 16 but not exceeding Rs. 20 per mensem—Rs. 2 per mensem.

(ii) to officials drawing a pay not exceeding Rs. 16 per mensem—Re. 1 per mensem.

When the pay is less than Rs. 5 per mensem, the extra allowance will be increased so as to bring up the aggregate pay and allowance to Rs. 6 per mensem.

2. The allowance is admissible to men who are officiating or in temporary employment, and also to piece workers in the Government Press, provided that they are drawing rates of salary which have been fixed with reference to normal circumstances; but the allowance is not admissible to men absent on leave, or under suspension, nor to part-time servants who are only engaged by Government for specific duties which do not prevent their earning money in other ways. In the case of men drawing overtime allowances, such allowances are taken into account in determining their pay for the purposes of this order.

3. The measure is calculated to involve an additional expenditure of about Rs. 13,377 a month in the proportions shown in the margin. As there is no provision for this in the budget, it will be met by reappropriations, regarding which separate orders will issue.

Letter No. 3326, dated the 9th September 1908, from the Revenue Commissioner in Mysore, forwarding a report from the Deputy Commissioner of the Kolar District on the Agricultural, Industrial and Cattle Show held at Chintamani in June 1908.

No. 3326, dated Bangalore, the 9th September 1908, from A. Rangaswami Iyengar, Esq., B.A., B.L., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

With reference to Government Proceedings No. R. 7407-9—Agri. 107-07-2, dated 15th May 1908, sanctioning the grant of Rs. 250 towards the expenses of the Kolar District Industrial and Agricultural Exhibition and Cattle Show at Chintamani, I have the honor to submit herewith copy of Deputy Commissioner's letter No. 947-92, dated 7-24th August 1908 with its enclosures, (*viz.*, a report on the Exhibition with appendices and also a copy of the Resolution of the District Board recording the report and conveying their thanks to Government).

2. The report is interesting and exhaustive in its details. The Exhibition was got up on a fairly large scale and was opened by the Dewan on the morning of 4th June 1908, and was closed on the 8th idem. About 10,000 people visited the Exhibition. The number of exhibitors was 459 and that of articles exhibited was 1,235, valued at Rs. 12,500 excluding plant and machinery, forest produce and mineral ores. One hundred and eighteen money prizes at the aggregate value of Rs. 215, 5 certificates of merit and 11 honorable mentions were awarded.

3. The total receipts amounted to Rs. 898-9-10, being made up of a grant of Rs. 250 from the District Board, of subscriptions raised in the District and sale-proceeds of unserviceable articles, and the expenses amounted to Rs. 887-2-4.

4. Mr. Odzu and Mr. B. Jayaram, Assistant Geologist, rendered valuable aid to the Exhibition, and the local Exhibition Committee have recorded their appreciation of the services rendered by Mr. F. S. Raghava Char, the Amildar of Chintamani.

5. It is gratifying to note the testimony of the Deputy Commissioner to the ready co-operation of the people and the enterprising spirit of the local merchants in voluntarily providing all the materials needed for the sheds and the decorations.

6. The Municipality increased the conservancy establishment and took particular care to ensure the purity of water-supply.

7. The large gathering of the people was taken advantage of to hold a public meeting for the formation of the Agricultural Association in the District.

8. I was present at the Exhibition, and it struck me that the Exhibition was a remarkable success.

5. Read Government Proceedings No. R. 7407-9—Agri. 107-07-2, dated the 15th May 1908, sanctioning a sum of Rs. 250, out of District Funds, on account of expenses in connection with the Industrial, Agricultural and Cattle Show, held at Chintamani in June 1908.

Read report of the Committee of the Industrial, Agricultural and Cattle Show, held at Chintamani, between Thursday the 4th and Sunday the 7th June 1908.

Recorded with thanks to Government for the grant-in-aid given by them and the Exhibition Committee for their exertions to render the Show as interesting and successful as it was.

C. SRIKANTESWARA AIYAR,
President.

Proceedings of the Government of His Highness the Maharaja of Mysore.

EPORT ON THE KOLAR DISTRICT INDUSTRIAL, AGRICULTURAL AND CATTLE SHOW, HELD AT CHINTAMANI, FROM THURSDAY THE 4TH TO SUNDAY THE 7TH JUNE 1908.

Origin of the Exhibition.—This Exhibition was the first of its kind held in these rural icts, owing its origin to a desire on the part of the non-official members of the District oard, to supplement the efforts of the Government in educating the people in new arts and lustries, and to create in them a spirit of enquiry into and appreciation of the improved ethods of agriculture. With such object in view, they wished to take stock of the agricultural and industrial resources of the District for inspiring the people with enthusiasm, and ttering and encouraging in them a spirit of healthy rivalry and emulation, and stimulating eir power of observation and assimilation of new ideas for adapting them to the practical eds of the day. Their experience of the recent Industrial and Agricultural Exhibition at ysore promoted them to extend the benefits of such exhibitions to persons who had neither e means nor the inclination to travel far beyond their houses to Mysore or elsewhere. It was, erefore, resolved at a Meeting of the District Board held on the 15th February 1908, to ld a District Exhibition, on a modest scale, of the agricultural and industrial products of e district, and to demonstrate to the people the use of the improved modern appliances in is and industries.

2. The articles, before being transmitted to the Exhibition, were arranged to be first hibited, as collected, in their villages and then at the Head-quarters of their respective oblis, within easy reach of the villagers and raiyats, for them to see and get an accurate ea of the nature and quality of their local products, for being better able to compare the ne at the Exhibition with the products of the other parts of the District. Chintamani s fixed upon for holding the Exhibition, being a large commercial place, centrally situated, mmanding the necessary convenience, good water-supply, a number of private chatrams and large and spacious *Shandy* or market enclosure, well adapted for the purposes of an hibition.

3. *Preliminary steps taken.*—After arranging the preliminaries, the Revenue Commissioner was addressed on the 13th April 1908, to extend his help and co-operation and to move the Government for the grant-in-aid of Rs. 500 referred to in Proceedings No. 12120-30—Agri. 113-04-6, dated 21st March 1906. The Government approved* of the holding of the District Exhibition, d sanctioned a sum of Rs. 250 for the purpose, out of the District Funds.

Vide Proceedings No. 7407-9—Agri. 107-07-2 of 15th May 1908.

4. The prospectus of the Exhibition was issued on the 14th April 1908 and was distributed broadcast, and the undermentioned officers and gentlemen were addressed to extend eir sympathy and aid to render the Exhibition as interesting and instructive as possible.

(i) *The Revenue Commissioner.*—For lending the improved agricultural implements and other labour-saving appliances, imported from America.

(ii) *The Conservator of Forests.*—For arranging for a collection of the forest produce of the district.

9 Dyed Silk.

Revenue (Agriculture), dated 13th November 1908.

(viii) ***The Rev. Mr. Hollister.***—For improved ploughing machinery and implements and the model works of the Mission Industrial Institute.

All the gentlemen heartily responded to the call, excepting the Agricultural Chemist and the Amrut Mahal Superintendent, who could not comply with the request, owing to short notice of the Exhibition, and Mr. Hollister, who was unavoidably absent from Kolar at the time.

5. *Management.*—At a Meeting of the District Board held on the 2nd May 1908, it was resolved to open the Exhibition on the 4th June 1908, and an Executive Committee consisting of the following members, with Messrs. C. Narainsami Chetty and C. Parthasarthiah, Pleaders of Chikballapur, as Honorary Secretaries, was appointed to make the necessary arrangements:—

1. Mr. Appaji Reddi, Chintamani.
2. „ Adike Nanjundappa, Chintamani.
3. „ Basave Gowda, Bowringpet.
4. „ Chowda Reddi, Chintamani.
5. „ Donti Chiksubrayappa, Sidlaghatta.
6. „ Gowdagere Krishnachar, Goribidnur
7. „ Gownpalli Venkataramappa, Srinivaspur.
8. „ Lakshman Rao, Gudibande.
9. „ C. B. Gopala Rao, Kolar.
10. „ Kanchi Seethappa, Chintamani.
11. „ Krishnachar, Chintamani.
12. Rev. W. H. Hollister, Kolar.
13. Mr. Kasti Hyder Sab, Mulbagal.
14. „ Hussein Sahib, Srinivaspur.
15. „ Munmarain Chetty, Kolar.
16. „ Nama Rangiah, Chintamani.
17. „ Narsapur Rama Rao, Malur.
18. „ Patpalya Seenappa, Bagepalli.
19. „ Raghuramiah, Chintamani
20. „ Syed Budan Sab, Chintamani.
21. „ Subba Sastri, Chikballapur.
22. „ Venkata Reddi, Bagepalli.
23. „ Venkatasami Reddi, Srinivaspur.
24. „ Voleti Ramachendriah, Chintamani.

The Divisional Assistant Commissioners, the Executive Engineer, the District Forest and Excise Officers, the Assistant Superintendent of Police, the District Medical and Sanitary Officer, the Deputy Inspector of Schools, and all the Amildars and the Deputy Amildar of Gudibanda were *ex-officio* members of the Committee.

6. *Buildings.*—The Amildar of Chintamani was entrusted with the work of clearing the Show ground and getting up suitable structures for housing the exhibits. The large and spacious market ground measuring 516′ × 441′ and situate at the entrance of the town to the left of the Mulbagal-Goribidnur road, was selected for the purpose. It is enclosed by a compound wall, with two wide gates facing the main road, for free access to cattle and goods, and being a *Shandy* ground, was full of ruts, mounds and platforms here and there, and pillars and stone posts fixed at irregular intervals, which had all to be cleared and the grounds laid and rendered even as far as possible.

(ii) *Covered Space for Staging Exhibits.*—Two *Vasaralike* structures, 80′ × 10′, with corrugated zinc sheet roofing were run up, resting on the western wall of the enclosure, with a space of 30′ × 20′ between them, where was erected a Pendal connecting the two wings, and all suitably decorated. These two wings were given a verandah 3′ wide with mat roofing and enclosed by bamboo *tatties*, 3′ high, with entrances at convenient intervals. At both their ends, at right angles to them, two more similar wings, 40′ × 12′, were built with Mangalore tiles for roofs. In these main structures, alongside the wall, two rows of stone benches were put up for placing the exhibits, and by a similar arrangement, the whole of this covered space was divided into a dozen compartments of 20′ wide each.

(iii) *Lecture Hall.*—At a distance of 200 feet from the Pendal, a Lecture Hall, 42′ × 15′ was got up on a platform raised 3′ high from the ground, with two side-wings 7′ broad.

Between this and the main structure, a playing fountain was put up, and a short way to the west of it was constructed a shed for illustrating water-pumps, oil-engines, paddy-husker, chaff-cutter, etc.

A mound to the south of these was trimmed and converted into a platform to serve as a Bandstand, to the south of which was erected another shed, 60′ × 16′ to accommodate the forest produce and mineral exhibits.

(iv) *Cattle sheds.*—The open ground to the east of the Lecture Hall was reserved for live stock, with two sheds and water troughs laid.

New roads laid connecting the two gates of the enclosure with the several structures and sheds, rendered the whole of the grounds tidy and presentable.

(v) *Reading room* —Outside the enclosure, in front of the Taluk Cutcherry, is a small decent Reading Room, built by the townspeople, which was renovated at a small cost and taken advantage of for the occasion by connecting it with the Show grounds, by demolishing a portion of the western side of the compound wall, behind the pendal, and constructing a small tunnel over the water course that runs between

A sketch of the whole of the Exhibition grounds so got up is hereto appended as Appendix I.

7. *Accommodation for visitors, sanitary, guarding and other precautionary measures.*— The Local Fund Musafirkhana and several private chattrams and temples were whitewashed and placed at the disposal of the visitors. Two sheds were built outside the town to meet contingencies against sudden outbreak of epidemic diseases. The Conservancy establishment of the Municipality was increased and particular care was taken to ensure the purity of the Water-supply. Sufficient number of Police officers and Constables was drawn from the neighbouring taluks and posted for duty both in the Exhibition grounds and all over the town. Against accidents of fire, in addition to two water taps, pots full of water were ready in every stall, near at hand for emergencies.

8. *Lighting.*—Two Kitson lamps ordered from Bangalore and two lent by Mr. Narainami Chetty, with Gasolene lights in each of the compartments, lighted the whole of the grounds satisfactorily

9. *Voluntary Co-operation of the people* —The most noteworthy gratifying feature of the whole of this undertaking is the ready co-operation of the people and the enterprising local merchants in having voluntarily and unflinchingly provided all the materials needed for the sheds and the decorations, putting the Exhibition Committee to no expense on this account, beyond small cost for labour, etc.

10. *Arrangement of the exhibits* —By the 1st of June 1908, the exhibits from all the taluks had arrived. They were temporarily stored in the Taluk Cutcherry where they were all registered and classified into sections. The Reading Room was used for keeping jewels, valuable cloths and works of art. The first four compartments of the main structure to the south of the Pendal and the one to the north of it were occupied by grains and cereals, one by oils and oil-seeds, perfumes and Sugar, and the rest by lacquer ware, pottery and other miscellaneous things. The southern wing was reserved exclusively for demonstrations of the machines from Tata's Silk Farm and varieties of cocoons, etc., and the northernmost wing was taken up by fruits and vegetables. The Dodballapur fly-shuttle loom was placed in one wing of the Lecture Hall, and the Agricultural and other implements were placed in the other.

The Revenue Commissioner, Rajakaryapravina Mr. A. Rangaswamiengar, who was to tour in the district, kindly responded to the invitation of the Committee and came a day in advance, visited the grounds in the evening, and gave several useful suggestions regarding the arrangements of the exhibits.

11. *Opening of the exhibition.*—All arrangements were complete by the morning of the 4th June 1908.

The Dewan Mr. V. P. Madhava Rao, C. I. E., who was at Bangalore, also graciously accepted the invitation and motoring down from there, visited the Show at 9 o'clock that morning. He was received by the Exhibition Committee, on whose behalf Mr. C. Partharathiah, the Joint Secretary, welcomed him in the following words:—

> On behalf of the Executive Committee, we heartily welcome you, Sir, to the Kolar District Agricultural and Industrial Exhibition and Cattle Show, which are the outcome of the recent measures adopted by the benign Government of His Highness the Maharaja, and organized on the lines suggested by the Government, in order to educate our rural population, in matters Industrial and Agricultural.
>
> The material prosperity of a country like ours depends much upon its agricultural resources and the measures introduced for the development of such resources. The holding of periodical shows of this kind helps to a great extent towards the revival of our almost defunct industries and gradual improvement of our agriculture by actual demonstrations of improved appliances and scientific methods of work, and by making available, for comparative study, the different varieties and kinds of products in all parts of the country.
>
> We have already had a number of Shows and Exhibitions in our own State, and it was with eagerness that we were looking forward for a similar show, even though on a small scale, in our own District. Poor as the Show may be, in comparison with others that have been held elsewhere, we have the consolation that we have

tried to make use of the resources of the different parts of our district, and what we have on view here to-day, is the pick of what our people had selected and exhibited in their villages, hoblis, and taluks, thus rousing in the masses a spirit of enthusiasm and eagerness to benefit themselves by a comparative study of their own resources.

In conclusion, we have to tender our heartfelt thanks to you, Sir, for the interest you have taken in this Show, despite the personal discomfort and trouble you must have had in the long and tedious journey, not to mention the various important matters of State calling for your attention. Your presence here to-day, Sir, with that of our Revenue Commissioner, is hailed with joy and welcomed as a token of the deep interest His Highness the Maharaja's Government evince in the prosperity of His Highness' subjects.

We pray, Sir, that you may be pleased to convey to His Highness the Maharaja, our sense of loyalty to His Highness, and gratitude to His Highness' Government, for the several beneficial measures adopted for the well-being of His people.

In thanking the Committee, the Dewan said as follows:—

In thanking you, gentlemen, for the kind words of welcome which you were good enough to give expression to, it gives me pleasure to have been able to be present on this occasion, the first of its kind in the district, and perhaps, in the State, when we consider that the Exhibition is the outcome of the zeal and enthusiasm of the people themselves, and the organization worked out by them. It is gratifying to note that our people have been showing an awakened interest in the importance of our decadent industries and a keenness to learn and profit by a comparative study of the Agricultural and Industrial resources of the country The co-operation and capacity for organization by you, augurs well for the permanence and usefulness of the institution. It is the duty of every one of us to help all measures conducive to the improvement of the resources of the country and the prosperity of our people. In conclusion, I will be very happy to convey to His Highness the Maharaja, your sentiment of loyalty to His person, and gratitude to His Government.

Thereafter, both he and the Revenue Commissioner were shown round the grounds, where they spent about an hour in the different sections, examining the exhibits and conversing with the exhibitors.

At 2 P. M., the Exhibition was thrown open to the Public. There was a large concourse of people assembled from different parts of the district and some places from His Majesty's Territory.

The Dewan left Chintamani at 4-30 P. M., in the evening.

12. The Revenue Commissioner paid a second visit to the Exhibition later on, and spoke to the people upon different Agricultural topics Mr. Narasimhiengar, Inspector of Cattle Diseases, delivered a lecture on Cattle Breeding and Cattle Diseases, and after this a Magic Lantern Exhibition was given by Mr. M. D. Krishnaswamiengar of the Education Department, which was much appreciated by the Public.

13. *Hours of attendance and entertainments.*—The Exhibition was kept open from the 5th to 7th June 1908, between the hours of 7 to 11 in the mornings, and 2 to 8 in the evenings. No fee was charged for Admission. Three sets of Native Bands, Volagams and Nagaswara were got for the occasion, and they were playing both in the mornings and in the evenings.

14. *SECOND DAY—5th June 1908. Formation of the Kolar District Agricultural Association and Distribution of prizes to Cattle.*—The large gathering of the people from all parts of the district was taken advantage of, and as had been pre-arranged, a meeting was held on the evening of the 5th June 1908, to consider the question of the forming of an Agricultural Association in the district, which was unanimously resolved upon to establish from 1st July 1908. After the said Meeting, the Revenue Commissioner distributed prizes to the owners of the best cattle and made a short speech suitable to the occasion. Mr. M. D. Krishnaswami Iyengar gave another exhibition of the Magic Lantern slides with which the day's proceedings came to a close.

15. *THIRD DAY—6th June 1908.*—The morning of the 6th idem was reserved solely for the ladies. In the evening, Sericultural Inspector U. Venkataramanaiya delivered a lecture in kanarese, to a large audience, on Sericulture, and Mr. M D. Krishnaswami Iyengar exhibited Magic Lantern slides to the ladies.

Proceedings of the Government of His Highness the Maharaja of Mysore,

16. ***FOURTH DAY—7th June 1908.***—The 7th June Sunday, being a ***Shandy*** day, the Exhibition was kept open throughout the day for the special benefit of the large crowd coming to the ***Shandy***.

17. *Closing of the Exhibition.*—The Exhibition was closed on the 8th June 1908. To save time and expenses, the best exhibits in grains and pulses and other non-perishable articles, excepting cloths, fabrics and other valuables, were selected and reserved, at the desire of the owners, for being sent to the ensuing Mysore Exhibition, the rest being packed and returned to their respective exhibitors. It is refreshing to note that no article was lost or damaged.

18. *Number of exhibits and exhibitors.*—The total number of articles exhibited was 1,235 by 459 exhibitors.

19. *Foreign exhibits.*—A good collection of chrome leather articles was exhibited by H. E. Abdur Rahman of Madras, and some samples of Shawls were sent by the National Doab Manufacturing Company of Amritsar.

20 *Cattle show.*—Owing to rinderpest previling in the neighbourhood, at the time, a large gathering of cattle was not encouraged. Only a few of the best available ones in the district were exhibited, the show being kept open for two days only. Fodder was given gratis for the cattle admitted into the enclosure.

21. *Value of exhibits.*—The total value of the articles exhibited excluding plant and machinery, the forest produce and mineral ores, was Rs. 12,532-12-0.

22. *Articles sold.*—Articles of the value of Rs. 119-10-3 were sold and the proceeds remitted to the owners.

23 *Number of visitors.*—The total number of visitors to the Exhibition including those who visited more than once, was estimated at 10,000.

24. *Judging.*—The exhibits were judged on the 4th, 6th, and 7th June 1908, and a ploughing competetion was held on the morning of the 7th idem The names of the Judges and a synopsis of their opinions are given in Appendix III.

25. *Prizes.*—Hundred and eighteen money prizes of the aggregate value of Rs. 214-8-0, 5 certificates of merit and 11 honourable mentions were awarded, as per talukwar statement hereto annexed as Appendix IV.

26. *Finance.*—The chief laudable feature of the Exhibition was the co-operation and willing help offered by the people and the leading men of the district, who volunteering with their liberal contributions vied with each other to make the Exhibition which the Board intended to be on a modest scale as attractive as possible. The thanks of the Committee are due to them for thus readily and promptly contributing towards the prizes and other expenses of the Exhibition besides lending the needful materials for sheds and decorations free as already mentioned. Their names and contributions are as per list Appendix VI.

27. The details of receipts and expenditure exclusive of materials freely lent and returned are as follows:—

Revenue (Agriculture), dated 13th November 1908.

28. *Acknowledgments.*—The thanks of the Committee are due to the Government for the help rendered by them to the Dewan and the Revenue Commissioner for their sympathy with the object and the keen interest they evinced in the success of the Exhibition and for having attended the same at such personal inconvenience to themselves.

The Committee also acknowledge the ready help and co-operation rendered by the several Heads of Departments and Messrs. T. Odzu and B. Jayaram Assistant Geologist who, besides working so much at the General arrangements and gettting up of the grounds etc., was a moving spirit in the Show explaining the interesting samples of minerals, etc., in such a lucid and clear style to the ordinary people.

29. The Committee desire to express their sense of the cordial and mutual co-operation of all the Amildars and their free intercourse with the non-official classes and the public, which contributed not a little to the success of the Exhibition.

The Committee also place on record their appreciation of the special services rendered by Mr. F. S. Raghava char, Amildar of Chintamani to whose energy, zeal and tact, was so largely due the successful management of the whole undertaking.

30. *General.*—It is gratifying to note that there were no accidents and no thefts of any kind in the Exhibition grounds. The Police arrangements were all that could be desired, all the officers and men conducting themselves with remarkable civility and uniform kindness to all the visitors. The health of the place continued to be satisfactory throughout the Exhibition and thereafter.

No. R. 2922-3—Agri. 107-07-4, dated Bangalore, 13th November 1908.

Order thereon.—Recorded.

2. This is the first Exhibition held in the Kolar District and from the full and interesting report submitted by the Deputy Commissioner, Government are glad to note that it was got up on a large scale, and that except to an extent of Rs. 250 granted by the District Board the expenses were met entirely from local subscriptions and from voluntary grants of materials for sheds and decorations made by the merchants. The Exhibition is reported to have attracted as many as 10,000 visitors. There were 459 exhibitors and 1,235 exhibits, valued at Rs. 12,500 excluding plant and machinery and forest and mineral produce.

3. A special feature of the Exhibition was that the exhibits of a village were first kept in view in the village before being sent to the Exhibition, in order to enable the villagers to compare them with similar exhibits from other places and observe the difference.

4. Government consider that the idea of making the Exhibition depend entirely upon local enterprise and the co-operation of the principal merchants and raiyats was commendable and they are gratified to note the success achieved. They desire that their appreciation be conveyed to the President and the members of the Committee both official and non-official and others who took a prominent part in the Exhibition.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Agriculture), dated 14th November 1908.

No. R. 2993-3001—AGRI. 41-08-49, DATED BANGALORE, 14TH NOVEMBER 1908.

ORDER.—The attention of the Revenue Commissioner and of the Deputy Commissioners of Districts is invited to Government Circular No. R. 2593—2600, dated the 3rd November 1908, directing the submission of a preliminary report to Government on the seasonal conditions of the localities threatened with scarcity in their districts. Government regret to note that the circular does not seem to have received sufficient attention, and no detailed reports, except one from the Deputy Commissioner of the Tumkur District, have as yet been received by Government.

2. The reports should comply strictly with the requirements of Section 36 of the Famine Code, and should contain particulars regarding the economic condition of the area affected, the outturn of recent harvests, the nature and extent of the anticipated failure of crops, the probable intensity and duration of distress, the classes most affected, the position as regards local trade, communications, food stocks, prices, fodder and water-supply, the state of the relief programme, the probable extent to which the land revenue demand may have to be postponed or remitted, and the precautionary steps taken to organize measures for dealing with the distress.

3. The reports should, as far as possible, be complete, but they should not be delayed for detailed or exact statistical information, the object being to give the Government the earliest information as to the likelihood of relief measures being required. If a proper system of intelligence has been maintained, there should be no difficulty in submitting these reports, and Government therefore expect to receive them immediately without any further delay.

GOVERNMENT OF MYSORE

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Agriculture), dated 20th November 1908.

READ—

Letter No. 4375, dated the 27th—28th October 1908, from the Revenue Commissioner in Mysore, regarding the grant of extra allowances to the officials in the Tumkur, Kadur and Shimoga Districts on account of the high prices of food stuffs prevailing in those districts.

No. R. 3090-3127—AGRI. 31-08-9, DATED BANGALORE, 20TH NOVEMBER 1908.

ORDER THEREON.—As ragi, the common staple food grain of the people has been selling at less than 12 seers per rupee in the Shimoga District, Government are pleased to sanction, for a period of three months in the first instance, an extra allowance at the following rates to all whole-time officials on civil establishments in the Shimoga District, whose pay does not exceed Rs. 20 per mensem, with effect from the 1st November 1908:—

i. To officials drawing a pay exceeding Rs. 16, but not exceeding Rs. 20 per mensem—Rs. 2 per mensem.

ii. To officials drawing a pay not exceeding Rs. 16 per mensem.—Re. 1 per mensem.

When the pay is less than Rs. 5 per mensem, the extra allowance will be increased so as to bring up the aggregate pay and allowance to Rs. 6 per mensem.

The allowance is admissible to men who are officiating or in temporary employment; but not to men absent on leave or under suspension, nor to part-time servants who are only engaged by Government for specific duties which do not prevent their earning money in other ways. In the case of men drawing overtime allowances, such allowances are taken into account in determining their pay for the purposes of this order.

The measure is calculated to involve an additional expenditure of about Rs. 2,492 per month in the proportions shown in the margin. As there is no provision for this in the current year's budget, it will be met by re-appropriations regarding which separate orders will issue.

Letter No. 4310, dated the 24th October 1908, from the Revenue Commissioner in Mysore forwarding the statement of loss of cattle in the several districts, for the quarter ending the 30th June 1908, together with a copy of his review thereon.

THE REVENUE COMMISSIONER'S REVIEW.

Recorded.

2. It will be seen from the accompanying consolidated statement that the total loss of cattle in the State, during the quarter under review, numbered 44,680 as against 21,180 during the corresponding quarter of the previous year. The total mortality from sickness numbered 32,593 as against 8,43[illegible] during the corresponding quarter of the previous year. This excessive mortality is almost wholly due to the prevalence of rinderpest, murrain and other diseases in a severe form in the districts of Bangalore, Kolar, Tumkur, Mysore and Hassan and in a somewhat milder form in the districts of Kadur and Chitaldrug.

3. For these statistics to be more informing, it would be better if the Deputy Commissioners will add their remarks explanatory of the more noticeable figures in the statements in the light of their personal experience and of measures taken to help the raiyats for treatment of sick cattle.

No. R. 3174—AGRI. 64-08-2, DATED BANGALORE, 20TH NOVEMBER 1908.

ORDER THEREON.—Recorded.

The heavy mortality from sickness numbering 32,593, due chiefly to the prevalence of severe epidemic diseases in several districts has been noted with regret. Government desire to be informed of the action taken by the Veterinary Department in this connection and the extent to which their efforts met with success.

K. S. CHANDRASEKHARA AIYAR,

Letter No. 261, dated the 17th November 1908, from the Deputy Commissioner of the Bangalore District, requesting that a sum of Rs. 2,000 may be placed at his disposal for the relief of distressed weavers in the Dodballapur Taluk.

No. R. 3289-91—AGRI. 62-08-4, DATED BANGALORE, 25TH NOVEMBER 1908.

ORDER THEREON—The Deputy Commissioner of the Bangalore District reports that on account of the present season of scarcity and the prevalence of plague, the weavers in the Dodballapur Taluk are unable to find purchasers for the articles made by them and that they are consequently in great distress. He proposes, as in the case of the weavers at Bangalore, to afford some relief to them by purchasing these articles, and applies for a sum of Rs. 2,000 for the purpose.

Government are pleased to direct that a sum of Rs. 1,000 may be placed at the disposal of the Deputy Commissioner for being utilized in the manner proposed by him. The Deputy Commissioner should comply strictly with the provisions contained in Sections 218 to 221 of the Famine Code in administering relief to the distressed weavers. In submitting similar recommendations in future, the Deputy Commissioner should state what the number of families requiring relief is and what is the usual cost of the articles daily manufactured by them.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Agriculture), dated 25th November 1908.

READ—

Letter dated 22nd November 1908, from the Revenue Commissioner in Mysore, requesting among other things that a sum of Rs. 20,000 and another of Rs. 10,000 for the purpose of affording gratuitous relief and for making arrangements for the supply of fodder in affected tracts.

No. R. 3299-308—AGRI. 69-08-5, DATED BANGALORE, 25TH NOVEMBER 1908.

ORDER THEREON.—It is presumed that the Revenue Commissioner requires the amount of Rs. 20,000 for opening "poor houses" under Section 40 of the Famine Code, as the stage for affording gratuitous relief has not yet arrived. The amounts required by the Revenue Commissioner are sanctioned and will be met from the provision made for famine relief in the budget. The attention of the Revenue Commissioner is drawn to letter No. R. 3267—Agri. 41-08-56, dated 24th November 1908, regarding the arrangements which the Conservator has been directed to make for the supply of fodder from State Forests.

The Revenue Commissioner is requested to distribute the amounts suitably among the Deputy Commissioners and submit a report to Government.

Government Proceedings No. R. 6449-51—Ft. 153-07-2, dated the 6th April 1908, calling for the opinion of the Inspector-General of Education in Mysore on the question of making free grants of timber and bamboos for village school buildings.

READ—

Letters No 8713, dated the 17th April 1908, from the Inspector-General of Education in Mysore, and No. 2437, dated the 19th September 1908, from the Conservator of Forests on the subject.

No. R. 3198-9—Ft. 153-07-5, dated Bangalore, 21st Novebeb 1908.

Order thereon.—As there are no school buildings in many of the villages in the State, the Inspector-General of Education requests that forest produce may be granted at half rates to the raiyats to encourage them to undertake their construction. The Conservator of Forests objects to the measure on the ground that it would cause loss to the Forest Department.

2. Government observe, however, that the school buildings in many villages have been constructed out of the Village School Fund, which consists mostly of the contributions made by the raiyats. In a few cases, however, the villagers erect the buildings at their own expense and place them under the management of the Education Department. Government are of opinion that in cases of the latter kind, some encouragement may well be shown to the people and they are accordingly pleased to sanction the grant of timber and bamboos at half cost to raiyats who construct their own school buildings. In order to prevent an abuse of this privilege, Government direct that applications for this concession should be made through the Education Department, who will see that only the required quantity of building materials are asked for, and that, when granted, they are properly utilized. Government trust that this measure will encourage the people to undertake the construction of school buildings in their villages without any further help from Government in the matter.

READ—

The following letter No. 3223, dated the 29th October 1908, from the Conservator of Forests in Mysore:—

I have the honor to report, for the information of Government, the result of timber supply to Mr. Hajee Ismail Sait during the official year 1907-08.

1. In all, 107,518¼ cubic feet of timber valued at Rs. 69,291-11-6 were supplied during the year against 120,015 cubic feet and Rs. 82,560 of the previous year.

The Shimoga District, whence the supply of timber fell short by over 50%, compared with the previous year, was mainly responsible for the decrease in the total supply of timber. In this as well as in Kadur District, great difficulty was experienced in procuring labour and transport, owing to the prevalence of cattle diseases which carried off hundreds of draught cattle, and partly to the prevalence of cholera in the South Canara District wherefrom our labour is chiefly drawn. The rolling stock placed at our disposal by the Railway authorities, as already brought to the notice of Government, was also very inadequate, in consequence of which, a good deal of timber collected at the Railway stations could not be delivered. Owing to the combination of the adverse circumstances referred to, over a lakh of cubic feet of timber collected at the sale and jungle depots could not be sold.

2. Inclusive of Rs. 4,878-10-0, being the amount outstanding at the commencement of the year, the demand for the year amounted to Rs. 74,170-5-6, of which Rs. 66,619-12-4 were actually realized. Rs. 2,589-3-4 out of Rs. 2,937-9-4 referred to in para 4 of the previous year's report, were adjusted by short claim on account of the logs rejected by Mr. Hajee Ismail Sait in the years 1904-05 and 1905-06. A sum of Rs. 348-6-0 has still to be refunded to him on this account. The balance outstanding against Mr. Hajee Ismail Sait at the close of the year amounted to Rs. 5,216-0-0. This amount was, however, recovered shortly after the close of the official year and will be shown in the ensuing year's accounts.

3. No timber was rejected by Mr. Hajee Ismail Sait during the year, as selections are now being made at the depots themselves by Mr. Hajee Ismail Sait's agents, while formerly, no such selections were made.

4. The collection and carting charges on the quantity supplied amounted to Rs. 40,202-9-3 and the net realizations to Rs. 29,089-2-3. The all-round average rate was Re. 0-10-4 per cubic foot against Re. 0-11-0 in the previous year, and the net receipt to Re. 0-4-5 per cubic foot against Re. 0-5-4 in the previous year. Considering that over 60% of the supplies consisted of such inferior kinds as Dindiga, Jambe and Hunnal, which have absolutely no market locally, the net results may be said to be fairly satisfactory. As the accompanying statement will show, that, as in the previous year, Kadur, with 59,452 cubic feet, or over 50% comes first in the matter of supplies. The value of the supplies amounted to Rs. 34,888-6-5, or Re. 0-9-5 per cubic foot and the charges to Rs. 18,315-9-3, or Re. 0-4-11 per cubic foot. The net realizations were Rs. 16,572-13-3, or Re. 0-4-6 per cubic foot against Re. 0-4-7 in the previous year. Over 36,500 cubic feet of the supplies from this district consisted of Dindiga, Jambe and Hunnal.

5. Mysore, with 26,668 cubic feet, comes next. Of this quantity, a little over 19,400 cubic feet consisted of Dindiga. The value of the supplies amounted to Rs. 15,085-2-0, and the collection and transport charges to Rs. 9,527. The gross realization was Re. 0-9-1 per cubic foot against Re. 0-9-3 in the previous year, and the charges amounted to Re. 0-5-8 per cubic foot against Re. 0-5-3 in the previous year. The net realization was Re. 5,558-2-0, or Re. 0-3-5 per cubic foot against Re. 0-4-0 per cubic foot in the previous year. The fall in the average net realizations is due to the very extensive supply of the inferior kinds as pointed above.

6. Only 21,398¾ cubic feet were supplied during the year from the Shimoga District against 6,069 in the previous years. The value of the supplies amounted to Rs. 19,318-3-0 against Rs. 39,406 in the previous year. Rs. 12,360 were spent on collection and carting against Rs. 20,012 in previous year. The gross and net realizations were Re. 0-14-5 and Re. 0-5-2, respectively, against Re. 0-13-8 and Re. 0-6-9 per cubic foot in the previous year. The reasons given in para 1 *supra*, explain why there was a fall in the supply, and in the net rates secured during the year.

7. Fifteen different kinds of timber were supplied during the year against 17 in the previous year. About 92,708 cubic feet of the supplies consisted of the kinds contracted for, of which, nearly 65,000 cubic feet, consisted of such inferior kinds as Dindiga, Jambe and Hunnal. About 14,810 cubic feet of the kinds other than those contracted for, were also supplied; and of these, about 8,500 cubic feet consisted of Matti. Of the other kinds, 2,093 cubic feet of Hebbalasu, 1,805 cubic feet of Thadasal, 1,204 cubic feet of Kemphunnal and 726 cubic feet of Devagarge were supplied at very favorable rates. The supply of the other kinds of timber calls for no notice, being insignificant.

8. In addition to the quantity shown above, a large quantity of Teak and Becti was purchased by Mr. Hajee Ismail Sait at our periodical auction sales.

2. The following statement shows the total quantity of timber sold to Mr. Hajee Ismail Sait and the amount realized therefor during the years 1906-07 and 1907-08:—

Net value	40,059 0 0	29,089 0 0
Value per cubic foot	0 5 4	0 4 5

3. The results have on the whole been satisfactory. Excluding the cost of collection and carting the net profit was Rs. 29,089 which gives the average rate of Re. 0-4-5 per cubic foot. The decrease in the total quantity sold was chiefly caused by transport difficulties in the Shimoga and Kadur Districts. The wood largely supplied was as usual such as Dindiga, Jambe and Hunnal for which the local demand is not large.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue Miscellaneous, dated 6th November 1908.

READ—

Letter No. 3670, dated the 18th September 1908, from the Revenue Commissioner in Mysore, forwarding copies of letters No. 812, dated the 12th May 1908, and No. 159, dated the 18th August 1908, from the Deputy Commissioner of the Bangalore District, regarding the neglect of the raiyats and the local Revenue authorities to effect timely repairs to the Vadakunte tank in the Nelamangala Taluk and the liability of the Amildars in the matter.

No. R. 2650-60—R. M. 54-08-2, DATED BANGALORE, 6TH NOVEMBER 1908.

ORDER THEREON.—It is reported that the Vadakunte tank in the Nelamangala Taluk, which was restored by Government in 1901-02, has been reduced to a very unsatisfactory condition on account of the continued neglect of the raiyats to keep the tank in an efficient state of repairs. The Revenue authorities took no steps to enforce the liability of the raiyats for the proper maintenance of the tank, with the result that earthwork at a cost of Rs. 375 has now become necessary to bring the tank to a satisfactory condition. Under the rules in force on the subject of the maintenance of minor tanks, the raiyats are liable to contribute towards the cost of repairing such tanks a sum equal to the annual assessment on the lands irrigated by them; and if, in consequence of the failure on the part of the Amildars to enforce this liability, Government is put to the necessity of incurring any extra cost, such excess has to be recovered from the Amildars.

The Deputy Commissioner of the Bangalore District states, however, that in consequence of a frequent change of Amildars in the Nelamangala Taluk, it is difficult to decide to what extent each Amildar is to be held responsible for the present unsatisfactory condition of the Vadakunte tank, and, in view of the fact that there are several other instances of similar neglect on the part of the Amildars, he recommends that all minor tanks requiring repairs may first be repaired by Government, the liability of the Amildars being enforced in future cases of neglect

heir part. But Government observe that this obligation is not a new one and existence of numerous cases of neglect on the part of Amildars is therefore not fficient reason for not enforcing it. The Deputy Commissioner is requested to them of the consequences of their neglect with a view to their inducing the uts to fulfil their obligation in the matter. A list of the tanks requiring repairs ld be maintained, and if, after a reasonable interval, the work is not completed the raiyats, steps should be taken to carry out the repairs, the cost being sted according to the existing rules on the subject.

In the case of the Vadakunte tank, however, Government are pleased to direct it may be repaired at the cost of Government, the raiyats contributing their share of the expenditure. As the tank is reported to be very close to the galore-Harihar Railway line, immediate steps should be taken to effect the ssary repairs.

Letter No. 2116, dated the 22nd August 1908, from the Revenue Commissioner in Mysore, submitting the proposals of the Special Committee consisting of the Revenue Commissioner, the Excise Commissioner, the Deputy Commissioner of the Hassan District and the Superintending Engineer of the Western Circle, which was appointed in accordance with Government proceedings No. 1052-5— R. M. 269-05-6, dated the 8th August 1907, to report on the facilities to be afforded for the extension of cultivation of lands under the left sluice of the Thimmappanaikankere in the Arsikere Taluk by making some of the lands reserved as date groves available for cultivation.

No. R. 2835-45—R. M. 269-05-8, DATED BANGALORE, 11TH NOVEMBER 1908.

ORDER THEREON.—The Thimmappanaikankere is a large tank in the Arsikere Taluk having a capacity of 860 units. It was restored in the year 1893. But as the extent of wet and garden lands that could be irrigated by it was only 78 acres, 22 guntas, its left sluice channel was extended for 2 miles with the expectation that another 309 acres of dry and gomal lands would be brought under wet cultivation. But this expectation was not realized as water is not used from this channel for any other lands besides the dry lands measuring 188 acres, 28 guntas given as Inam to Mr. D. Narasinga Rao for the up-keep of a chattram built by his father. The channel is also stated to be very much neglected as it passes through two villages Santanahalli and Nagatihalli, the former of which is bechirak and the latter thinly populated. One of the causes for the want of extension of cultivation under the tank and the channel is stated to be that a large extent of land measuring 420 acres, 34 guntas has been reserved for date groves under the tank, which prevents intending settlers and others from getting suitable lands. The Committee which was appointed to consider which of the lands so reserved could with advantage be thrown open for cultivation, have investigated the question and propose to exclude from reservation the lands noted in the margin. This will still leave for reservation as date groves the greater part of Survey No. 25 of the Santanahalli village measuring 87 acres, 25 guntas, Survey Nos. 22 and 32 of Nagatihalli village measuring 7 acres, 33 guntas and 211 acres and 33 guntas respectively. As the revision now proposed to be effected in the number and extent of date groves to be reserved is stated to be sufficient to afford the necessary scope for the proper agricultural expansion of the tract without in any way sacrificing the requirements of the Excise Department, Government are pleased to sanction it.

2. The Revenue Commissioner should, in consultation with the Superintendent of Survey, have the lands now made available for cultivation sub-divided into survey numbers of a convenient size if necessary. The fact that they are available for cultivation should be widely published in the locality and elsewhere. Precautions should also be taken to see that the lands are taken up only by persons who are willing and able to bring them under cultivation and that they are not acquired for the purpose merely of deriving some profit from them by means of the date trees or any other advantages possessed by them.

3. The Chief Engineer is requested to take immediate steps to have the left sluice channel properly restored and the local Revenue authorities will be held responsible if the channel should again be neglected and allowed to fall into a state of disrepair.

4. The suggestion of the Revenue Commissioner that when large and compact blocks of lands are reserved as date groves, it is desirable to carefully conserve the

pasture therein and sell it annually is commended to the Excise Commissioner who can have lists of these blocks prepared and arrange through the Deputy Commissioners of districts for improving the growth of grass therein and selling it annually to the best advantage of Government with due regard to the preservation of the date trees growing thereon.

Government Order No 5782—R. M. 27-07-5, dated the 9th March 1908, recording letter No. 9251, dated 25th February 1908, from the Revenue Commissioner in Mysore, reporting on the condition of the 22 tanks in the Bagepalli Taluk which breached on the night of the 4th July 1907, owing to heavy rains and stating that the action taken by the Deputy Commissioner in order to repair the tanks is satisfactory.

2. Letter No. 12055, dated 2nd May 1908, from the Revenue Commissioner in Mysore.

In continuation of my letter No. 9231, dated the 25th February 1908, (recorded in Government Order No. R. 5782—R. M. 27-07-5, dated 9th March 1908,) I have the honor to forward herewith a copy of letter No. 6894—523, dated 25th April 1908, from the Deputy Commissioner, Kolar District, soliciting sanction to the cost of repairing the bunds and filling in the breaches of certain tanks amounting to Rs. 935 being defrayed by Government and to state that I strongly support the Deputy Commissioner's recommendation. As the circumstances of the case which are stated at length in the Deputy Commissioner's letter are exceptional, I beg that Government may be pleased to sanction the cost of the works namely Rs. 935 being borne by Government the liability of the raiyats who are said to be utterly unable to bear the same being excused.

Letter No. 6894—523, dated 25th April 1908, from the Deputy Commissioner, Kolar District, to the Revenue Commissioner in Mysore.

In continuation of my further report No. 5240—362, dated the 21st February 1908, on the subject of the 22 tanks that breached in the Bagepalli Taluk, on account of the unusual rainfall on the night of the 14th July 1907, amounting to *Vis Major*, I have the honor to report that the restoration of, as noted below, four minor tanks has been greatly retarded owing to the raiyats' utter inability to meet the cost of the bunds and the breaches:—

Taluk	Name of tank	Stone and masonry works	Earth and turfwork	Breach filling
		Rs.	Rs.	Rs.
Bagepalli	Mandampalli Devarayankunte ...	210	200	285
Do	Battalavarapalli Amadalakunte ...	347	285	150
Do	Jalpigarapalli tank	499	200	300
Do	Vengyaralapalli tank	497	188	200
	Total ...	..	...	935

(2) The rules for the Minor Tanks Restoration Scheme do not provide for Government money being expended on earthwork required to the bunds of minor tanks which the raiyats have to carry out or pay for, filling in the breaches of such tanks as well as for bringing up the unbreached portions of the bunds to standard in the ordinary course.

The rigid application of these rules in respect of the tanks under advertance which breached even like so many other tanks and a major tank looked after and maintained by the Public Works Department not on account of any fault on the part of the raiyats but owing to *Vis Major* an unforeseen and strange downpour of over 10 or 12 inches of rainfall in a few hours over a confined locality, a phenomenon quite unheard of in these parts, would operate very hardly upon the poor raiyats who, with very great difficulty and deprivation, agree to contribute the labour required of them to the unbreached portions of the bunds. Their modest prayer is for an exemption of a liability for the breach for which under the very peculiar circumstances of the case they are in no way responsible.

(3). As their request appears to be reasonable and as I am convinced that they will be subjected to great hardship if the rules are not relaxed in this case, I request that the Government may kindly be pleased to order the cost of the breach filling works of these tanks amounting to Rs. 935 being as a special case defrayed from Government, failing which there appears to be no prospect of the tanks being brought to standard or assessment realised, not to speak of the loss and the trouble the poor raiyats have already suffered by the damages caused by such rains and what seems to be in store for them were the tanks to continue unrepaired.

3. Letter No. 13638, dated 12th June 1908, from the Revenue Commissioner in Mysore, forwarding letter No. 9250—594, dated 1st June 1908, from the Deputy Commissioner of the Kolar District, reporting that the Bettalavarapalli and Vengyaralapalli tanks breached in the

Proceedings of the Government of His Highness the Maharaja of Mysore,

4. Letter No. 2444, dated the 18th August 1908, from the Revenue Commissioner in Mysore.

Adverting to your letter No. R. 8527—R. M 27-07-9, dated 25th June 1908, regarding certain breached tanks in the Kolar District, I have the honor to forward herewith copy of letter No. 825-76, dated 10th August 1908 (with copy of its enclosure) from the Deputy Commissioner, Kolar District, furnishing the information called for.

ENCLOSURE.

Adverting to your memorandum No. 14496, dated 30th June 1908, I have the honor to report that of the tanks that breached in July 1907, the special concession applied for is in respect of the Jalpigarapalli Remnakalkunte, Register No. 225 and the Mandampalli Devarayanakunte, Register No 242, both of which are under repair in the Revenue Department Estimates for the repair of these two tanks were sanctioned immediately after the occurrence of the breaches on the distinct understanding that the raiyats executed the necessary earth and turf works both to the breached and the unbreached portions of the bunds as per rules; but as they pleaded their inability to do work both to the breaches and bunds and as the Assistant Commissioner and the Amildar satisfied themselves that the case was a hard one deserving of special treatment, a recommendation was made for meeting the cost of breach filling work from Government.

(2). As regards the Battalavarapalli and Vengyaralapalli tanks that breached in July 1906, estimates were sanctioned soon after the occurrence of the breaches, of course on the understanding that the entire earthwork would be carried out or paid for by the raiyats; but as here too they failed to do the entire earthwork owing to successive bad seasons, a recommendation was made for the relaxation of the rules. Under these circumstances, I beg to request that sanction of Government may kindly be obtained at an early date for meeting the cost of breach filling work of these four tanks from Government as a special case, as otherwise there would be no prospect of putting the tanks to standard.

(3). A statement showing the cost of earth and stone works and the atchkat under each of the four tanks is herein enclosed.

No. R. 3172-3—R. M. 27-07-13, DATED BANGALORE, 20TH NOVEMBER 1908.

ORDER THEREON.—Out of the four tanks referred to in letter No. 6894-523, dated 25th April 1908, from the Deputy Commissioner of Kolar, read above, the Battalavarapalli and Vengyaralapalli tanks breached in the year 1906 and the other two tanks on the 14th July 1907. The Deputy Commissioner reports that the estimates for the repair of the first two tanks were sanctioned soon after the occurrence of the breaches on the understanding that the earthwork should be executed by the raiyats but that owing to bad seasons the raiyats have not been able to carry out the same. As for the other two tanks namely Mandampalli Devarayankunte and Jalpigarapalli Remnakalkunte which breached on the night of the 14th July 1907, the Deputy Commissioner reports that the raiyats are poor and able to attend only

with great difficulty to even the unbreached portions of the bunds and that a too rigid application of the rules for the restoration of minor tanks under the peculiar circumstances of the case would subject the raiyats to very great hardship. He therefore recommends that the cost of filling up the breaches to the said 4 tanks amounting to Rs. 935 may be borne by Government. The Revenue Commissioner supports his recommendation.

Under these circumstances and as the present seasonal conditions in the locality are also not favorable, Government are pleased to sanction the recommendation of the Deputy Commissioner.

Letter No. 7657, dated the 17th January 1907, from the Revenue Commissioner in Mysore, recommending the levy of an annual acreage cess of eight annas from the raiyats holding lands under the Sankenapura ane channel and the eight serial tanks below it in the Kunigal Taluk, in commutation of the raiyats' liability to carry out the maintenance work of the said channel and tanks.

2. Correspondence ending with letter No. 4146, dated 17th October 1908, from the same officer, furnishing additional information in the matter.

No. R. 3218-9—R. M. 22-06-9, DATED BANGALORE, 21ST NOVEMBER 1908.

ORDER THEREON.—The channel drawn from the Sankenapura ane has eight serial tanks dependent on it. Seven of these are Government restored tanks, and the other is a Sarvamanya tank. The condition of five of the Government tanks is stated to be unsatisfactory, as the raiyats have neglected to execute the maintenance work. It is also reported that the raiyats find it difficult to remove the silt from the channel, as, on account of its deep cutting and low fall and liability to cross drainage, there is a constant tendency for the silt to accumulate in the channel. In the Representative Assembly of 1906 it was suggested. that Government should undertake the maintenance of the channel and the tanks and reimburse themselves for the cost to be incurred by levying an acreage cess of eight annas, if necessary, from the raiyats concerned. The amount that would be collected by the levy of the cess will be about Rs. 745 and the Chief Engineer states that, if the channel and tanks are once put into proper condition, this amount would be sufficient to cover the cost of removing the silt and executing other maintenance work. The raiyats in proof of their earnestness to be relieved of their obligation are stated to have already deposited a year's cess in advance, and the majority of them have also executed "Mutchalikas" agreeing to the commutation.

Under these circumstances, Government are pleased to accord sanction to the levy of the proposed cess, and to direct that in future the maintenance of these irrigational works be carried out by the Public Works Department. The Deputy Commissioner should see that mutchalikas are also taken from the other raiyats who have not as yet executed them, as to the payment of the cess.

The work of restoring the channel and the tanks to their former condition has been estimated to cost Rs. 14,403, the raiyats' share amounting to Rs. 6,607. The Chief Engineer is requested to take the necessary steps to have the abovementioned irrigational works restored to their proper condition, as soon as possible, and see, if, in doing so, it is possible also to devise some means to prevent the accumulation of silt in the channel. One of the causes for the insufficient flow of water in the channel is stated to be the erection of temporary dams for raising the water-level for the irrigation of lands on the upper side of the channel and that some of these used to be put up even before the new one was built. Steps should be taken to get these dams removed, and if it is found that a prescriptive right is claimed in respect of any lands for deriving water from such dams, these lands should be acquired, if necessary, and the utility of the channel not impaired by their continuance.

The attention of the Chief Engineer is also drawn to the representation made as to the desirability of raising the height of the ane (*vide* Subject No. 506 of the Proceedings of the Representative Assembly of 1906) and he is requested to have its feasibility investigated.

Subject No. 190 of the Representative Assembly Proceedings of 1904 in the matter of insufficient supply of water in the Anandur channel, Mysore Taluk.

2. Correspondence ending with letter No. 4247, dated 19th October 1908, from the Revenue Commissioner in Mysore, reporting on the measures of relief granted to the raiyats holding lands under the Anandur channel on account of insufficient supply of water.

No. R. 3363—R. M. 29-06-11, DATED BANGALORE, 28TH NOVEMBER 1908.

ORDER THEREON.—The deficiency of water in the Anandur channel, and the necessity for allowing some remission of assessment on the lands dependent on it, have been the subject of repeated representations in the Representative Assembly. In connection with the enquiry that was ordered by Government into the truth of these grievances, the Revenue Commissioner in his first letter (No. 2986, dated 20th September 1905) expressed an opinion that no special relief was called for, as the raiyats should co-operate with the Channel Department officials in the distribution season in making the most of the available water-supply. But, on receipt of a subsequent letter from the Deputy Commissioner, forwarding the report of Mr. C. Krishna Rao, (Assistant Commissioner now retired) in the matter, the Revenue Commissioner recommended that, as there was no likelihood of any improvement being effected in the water-supply to the Anandur channel in the immediate future, it being difficult to devise a suitable project for it, remission of half the assessment may be allowed on all the lands throughout the entire length of the channel and the raiyats allowed to make the best possible use of the water in the existing condition of the channel. As this recommendation was not confined to lands that could not be expected to derive a sufficient supply of water ordinarily but also included lands that could be fully irrigated, the Revenue Commissioner was requested to ascertain the extent of these two classes of lands separately and report what the amount was that was proposed to be remitted annually. Mr. T. K. Sundrarajiengar, Sub-Division Officer of Mysore, who has carefully inspected the channel has submitted a clear and exhaustive report from which it appears that there is no foundation whatever for the complaint that there are any lands which cannot be irrigated when the channel receives its ordinary supply and that in the years Krodhi, Viswavasu and Parabhava there were only a few lands consisting of 36 survey numbers with a total extent of 81 acres and 13 guntas assessed at Rs. 456-14-9 that did not receive a sufficient supply of water owing to accumulation of silt in the channel and some difficulties connected with the proper distribution of water. The silt has since been removed and arrangements are reported to have also been made for the proper distribution of water by preventing the raiyats from obstructing the sluices and taking water for themselves. The Revenue Commissioner, therefore, withdraws his original recommendation and states in accordance with the view of the Sub-Division Officer that it is sufficient if remission of half the assessment amounting to Rs. 457-0-3 as shown in the statement enclosed with the report on lands which actually suffered owing to the inadequate supply of water is sanctioned.

2. Under these circumstances Government are pleased to sanction the Revenue Commissioner's present recommendation.

3. Government regret to note however that the report of Mr. C. Krishna Rao, (Assistant Commissioner since retired) on which the first recommendation of the Revenue Commissioner for remission of assessment was based does not seem to have proceeded upon any proper enquiry as to the actual extent of lands that could not at all be supplied with water. Neither the Deputy Commissioner nor the Revenue Commissioner seems to have got the facts verified before submitting their opinion to Government in the first instance. It is needless to emphasise the importance of a careful field to field inspection in such cases before extensive remissions of assessment are proposed.

Revenue (Miscellaneous), dated 28th November 1908.

4. Government have noted that the Revenue Commissioner is taking action on the suggestion of Mr. T. K. Sundrarajiengar for improvement of the channel and trust that every attention will be paid to prevent accumulation of silt and neglect of the proper maintenance of the channel.

5. The members who mooted the subject may be informed of the order of Government.

Letter No. 3707, dated the 17th October 1908 from the Excise Commissioner in Mysore, submitting the records of enquiry relating to the claim to the toddy excise revenue of Kayamgutta Mahantalingapura village, Anekal Taluk, Bangalore District.

No. FL. 2333-5—S. R. 82-08-2, DATED BANGALORE, 20TH NOVEMBER 1908.

ORDER THEREON.—The village has no toddy shop but has only a grove. The claim to its toddy excise revenue is disallowed as it is not supported whether by Sannad or Inam Settlement or by enjoyment. What the Inamdar is entitled to is only the $\frac{1}{5}$th of the grove farm rent realized for the years 1892-93 to 1896-97 under Rule 4 contained in Government Order No. 2074-83—R. F. 166-92, dated the 2nd August 1908.

Proceedings of the Government of His Highness the Maharaja of Mysore, Financial (Banking), dated 11th November 1908.

READ —

Letter No. 617, dated 21st—22nd September 1908, from the Revenue Commissioner in Mysore, forwarding the Report on the working of the Co-operative Societies Regulation during the year 1907-08 submitted by the Registrar of the said societies.

No. FL. 2195—B. 16-08-2, DATED BANGALORE, 11TH NOVEMBER 1908.

ORDER THEREON.—The Report is a record of progress and Government have read it with much interest. They note with satisfaction that the Co-operative movement in the State is growing popular as evidenced by the increase in the number of societies from fifteen at the beginning of the year under report to twenty-seven at its close, as also by the appreciable rise in the number of members, the capital of the societies and the volume of business done by them. As many as seven new societies were organised during the year in the Mysore District and the districts of Kolar, Shimoga and Chitaldrug also appear to have begun to realise the benefits of the co-operative movement.

2. The objects of the co-operation undertaken by these societies are varied though, as was to be expected, the agricultural and distribution types of societies make up two-thirds of the total number. It is noted that one of the societies started in 1907-08 was on the unlimited liability basis.

3. During the year under review some of the societies were able to attract outside capital both in the shape of deposits and loans and this is another satisfactory feature in the working of the societies. The amount sanctioned by His Highness from his privy purse and the State grant allotted for making loans to societies were, it is noted, drawn upon to a small extent. A central Bank of the kind referred to by the Registrar which can accommodate Co-operative Societies with loans at reasonable rates of interest ought to prove of much value and it is hoped that the efforts of the Registrar in starting such a central co-operative bank will be attended with success.

4. The question of affording assistance to the Registrar for the audit of the accounts of Co-operative Societies is under the consideration of Government.

Proceedings of the Government of His Highness the Maharaja of Mysore, Financial (Banking), dated 11th November 1908.

READ—

Letter No. C. 41, dated 28th September 1908, from the Revenue Commissioner in Mysore, forwarding the Report on the working of the Agricultural Banks in the State for the year 1907-08, submitted by the Inspector of Agricultural Banks.

No. FL. 2196—B. 20-08-2, DATED BANGALORE, 11TH NOVEMBER 1908.

ORDER THEREON.—During the year under report, eleven banks which had ceased to serve any useful purpose were wound up and there were twenty-five banks at the end of the year against thirty-six at the close of the previous year.

2. With a few exceptions the working of the banks has left much to be desired and it is a matter for regret that in spite of all the concessions made and encouragement given to them and the supervision bestowed on them, these banks should have failed in re-organizing rural credit and providing the poor agriculturist with cheap capital which is the main requisite for the improvement of his condition. The causes of this failure are many and have been explained in the Dewan's addresses to the Representative Assembly as also in the reviews and reports on the working of these banks in the previous years. The Revenue Commissioner has suggested some alterations in the "Articles of Association" with a view to infuse more life, if possible, into these banks and his recommendations are under the consideration of Government. Judging by the success that has so far attended the Co-operative movement both in Mysore and in British India, it would seem that institutions, started under the Co-operative Societies Regulation, with the object of providing capital at reasonable rates of interest to poor agricultural borrowers, are likely to be attended with better results and have a career of greater usefulness than the Agricultural Banks.

3. Recoveries during 1907-08 of amounts due to Government were satisfactory.

4. Government note that the Revenue Commissioner has taken steps to reduce the establishment and other charges of some of the banks which were unnecessary as also to have the register of members' properties mortgaged to the banks correctly posted and kept to date. The register of properties is a very important document and Government hope that what remains yet to be done to complete this register of the banks and the valuation of the properties, will be promptly attended to.

5. The Inspector states that he has received no information regarding the inspection of the banks made by the District Officers during the year under review. The Revenue Commissioner's communication is silent on this point. Government would have been glad to know how this important work was performed by the District Officers. This omission should be supplied in future reports.

6. The Inspector complains that he was not furnished with statistics regarding the working of the banks. The reason for the failure on the part of the Deputy Commissioners to supply the information required by the Inspector should be investigated by the Revenue Commissioner and the result reported to Government.

1. Government Order No. 5532-40—B. 50-06-2, dated 8th May 1908, approving of the action of the Inspector of Agricultural Banks in granting time for payment of the amounts due by the members of Agricultural Banks, in order to carry out the intention of Government to recover as much of the amounts as possible in winding up the Banks.

2. Letter No. 87—53, dated the 13th August 1908, from the Deputy Commissioner, Shimoga District, soliciting orders of Government, as to whether the order read above authorizes the Inspector of Agricultural Banks to give extensions of time for payment of amounts due by the members of Banks ordered to be wound up.

No. FL. 2336-45—B. 9-08-2, DATED BANGALORE, 20TH NOVEMBER 1908.

ORDER THEREON.—Government are pleased to authorize the Inspector to grant subject in each case to the approval of the Revenue Commissioner, time to Agricultural Banks and their members to a reasonable extent, for repaying the amounts due to Government.

In doubtful cases or when the time proposed to be granted exceeds one year, a reference should be made to Government.

Letter No 1375—65, dated the 25th August 1908, from the Registrar of the Chief Court of Mysore, stating that in British India cases of women convicted of infanticide are specially reported to the Local Government, through the High Court, with a view to the consideration of the question whether any commutation or reduction of the sentence should be allowed under Sections 54 and 55 of the Indian Penal Code or under Sections 401 and 402 of the Code of Criminal Procedure, and that the judges would suggest, for the consideration of Government, the adoption of a similar rule in Mysore, and adding that if the proposal is adopted, the benefit thereof may be allowed to the women now undergoing sentence for infanticide.

No J. 1237-17—Cts. 83-08-2, dated Bangalore, 3rd November 1908.

Order thereon.—The Government approve of the suggestion made by the Chief Court and accordingly direct the issue of a notification as hereunder to give effect to the proposal:—

"The Government of His Highness the Maharaja are pleased to direct that in future in all cases where women may be convicted for the murder of their infant children, a reference may be made to them through the Chief Court, with an expression by the Sessions Judge of his opinion as to the propriety or otherwise of any reduction of the awarded penalty being made."

2. They also approve of the suggestion that the benefit of the new provision be extended to the women now undergoing sentence for infanticide, should any of them be found deserving of consideration after an examination by the Chief Court of the records of their cases.

Proceedings of the Government of His Highness the Maharaja of Mysore, Judicial and Legislative (Registration), dated 16th November 1908.

READ—

Letter No. 655, dated the 10th September 1908, from the Inspector-General of Registration in Mysore, submitting a Report on the working of the Registration Department for the year 1907-08.

No. J. 1390—REGIS. 17-08-2, DATED BANGALORE, 16TH NOVEMBER 1908.

ORDER THEREON.—Recorded.

2. The number of special and ex-officio Sub-Registry offices remained the same as in the previous year, *viz.*, 52 and 26 respectively.

3. There was an increase in the number of documents of all kinds registered during the year under review, this being 76,997 against 70,865 in the previous year. The increase is attributed to the unfavourable character of the seasons in two districts and to just the opposite cause in the other districts. In the Mysore District, the subsidence of plague and the large number of marriages which necessitated the borrowing of money for marriage expenses are stated to account for a large increase in mortgages. The better appreciation by the people of the security afforded by Registration also no doubt operated to a certain extent and led to an increase of 1,781 in the number of documents optionally registrable.

4. Consequent on the increase in the number of Registrations, the income of the Department rose from Rs. 1,42,466-4-7 in 1906-07 to Rs. 1,48,959-9-0 during the year under review. The expenditure of the department fell from Rs. 85,418-2-1 to Rs. 82,735-11-9. There was therefore in favour of the department at the close of the year a net surplus of Rs. 66,223-13-3 or excluding Rs. 1,418-6-0 which goes to the Yelandur Jahgir, Rs. 64,805-7-3. The decrease in the expenditure is attributed to the abolition of the nine Special Sub-Registry offices adverted to in the last review, which took effect from the 1st January 1907.

5. The attention of Deputy Commissioners of Districts is invited to the remarks at para 9 of the report under review which shows what scope there still is for purchasers of immovable property to avail themselves of the services of Sub-Registrars towards getting pattas transferred to their names. The backwardness of the Mysore District in this respect is remarkable. It behoves jamabandi officers to make the existing facilities better known to assembled raiyats at jamabandi time.

6. Five prosecutions for forgery and false personation were instituted during the year under review under the Registration Regulation against six in the previous year. Convictions were secured in two cases, in one the accused was acquitted, in one the accused was committed to the Sessions and the remaining case was pending trial at the close of the year.

7. All the Sub-Registry offices in the State except one were inspected either by the District Registrars or Assistant Commissioners who are ex-officio Inspectors of Registration offices. The inspection work done by the District Registrars especially of Tumkur, Mysore and Chitaldrug appears inadequate.

F. 15-96, dated 7th July 1904, and requesting that formal sanction to the purchase may be accorded if Government consider that the authority conveyed in the said order does not govern the case in question.

No. 5123-32—L. B. 377-07-4, DATED BANGALORE, 30TH NOVEMBER 1908.

ORDER THEREON.—The purchase of the vessels and furniture which are reported to have been already supplied to the 3rd class travellers' bungalows and musafirkhanas, is sanctioned and the Comptroller is authorized to admit the charge.

2. The order of July 1904 cannot be deemed to authorize Deputy Commissioners to incur expenditure from District Funds which is governed by the rules issued under the Local Boards Regulation.

3. With a view to empower District Boards to purchase vessels and furniture required for the 3rd class travellers' bungalows and musafirkhanas within certain limits without obtaining sanction of Government therefor, an addition to the following effect will be made to clause (2) of Rule 136 of the rules under the Local Boards Regulation and the necessary notification published in the *Mysore Gazette* :—

Letter No. 2410—160, dated the 8th September 1908, from the Inspector-General of Education in Mysore submitting with reference to Government Order No. 9624-5—Edn. 382-06-6, dated the 25th March 1908, a scheme of a final practical examination in agriculture for the Upper Secondary Training class of the Mysore Normal School prepared by the Head Master thereof.

" With reference to para 2 of Government Order No. 9624-5—Edn. 382-06-6 of the 25th March 1908 reviewing the Report on the working of the Agricultural Farm of the Mysore Normal School for 1905-06 and 1906-07 and subsequent reminders, I have the honor to submit herewith a copy of the scheme of a final practical examination in agriculture for the Upper Secondary Training Class of the Mysore Normal School prepared by the Headmaster of the School.

2. The classes of the Mysore Normal School in which agriculture, theoretical or practical, is taught, are the following:—

(1) V class or Lower Secondary Training class.

(2) VII class or Upper Secondary class.

(3) VIII class or Upper Secondary Training class.

The pupils of the Lower Secondary Training class do some gardening on the Farm chiefly in a flower or vegetable garden and their knowledge of agriculture is not so advanced as to be tested by any practical examination at the end of the course The practical training in agriculture given to students of the Upper Secondary class who have to take up agriculture as a compulsory subject for the final examination, is limited only to a few demonstrations, and as these students also do not go deep into practical agriculture, no practical examination is necessary in their case. On the other hand, the students of the Upper Secondary Training class, who have already taken up agriculture as a compulsory subject for the Upper Secondary Examination and have undergone a regular course of training in practical agriculture require a practical examination at the end of their course.

3. A scheme of this examination is now submitted by the Headmaster and I entirely approve of it

THE SCHEME.

An examination intended to test the progress of the senior students under training on the Agricultural Farm attached to the Normal School, Mysore, may be held once a year and it may consist of two parts:—

I.	A written examination conducted by means of a paper of three hours duration	40 marks.
II.	An oral and practical examination ...	60 marks.
	Total ...	100

The written examination is intended to test the students in their knowledge of (i) the different methods of cultivating crops (ii) the distinguishing features of the insects ordinarily attacking crops and (iii) the most common insect pests and other crop diseases. It is desirable that the paper should contain questions chiefly bearing on the crops grown on the Farm during the year. The oral and practical examination is intended to test the student's ability to use properly all the native and improved agricultural implements and machines in use on the Farm as also his familiarity with important varieties of grains, common insects and the ordinary insecticides.

Those that obtain 40 marks and above may be declared to have passed the examination satisfactorily provided that 30 at least of the marks scored are in the oral and practical part. A certificate signed by the Inspector-General may be awarded to each successful student but the examiners may be permitted to declare, if they like, any student as having passed with distinction.

A Committee consisting of two specialists in agriculture may be appointed to conduct the examination and a fee of Rs. 3 may be levied from each student applying for it. It would be suitable to hold the written examination in the Normal School during the last week of November and the oral and practical examination on the Farm during the first week of December.

The scope of the examination is indicated in the following syllabus.—

Local Funds and Sanitary (Education), dated the 21st November 1908.

I. METHOD OF CULTIVATION

The method of cultivating the following crops.—

Cereals.—Ragi, jola, paddy, maize, wheat, and other inferior cereals.

Pulses.—Pigeon pea, avare, horse gram, Bengal gram and alasande.

Oil-seeds.—Ground nuts, castor, gingelly and Nigerseed

Fodder-crops.—Sorghums and lucerne.

Fibre-crops.—Cotton, sun hemp, Deccan hemp

Industrial and other crops.—Sugar-cane, tobacco, potatoes, sweet potatoes, chillies, onions, cocoanut, arecanut, ginger and turmeric

II. INSECT PESTS AND CROP-DISEASES

A general outline of the life-history and habits of the most common insects, their general structure and food The distinguishing characters of each of the following seven principal orders or insects with familiar examples in each —

(1) Orthoptera, (2) Neuroptera, (3) Hymenoptera, (4) Coleoptera, (5) Lepidoptera, (6) Hemiptera, and (7) Diptera. The diseases due to insects and fungi, known to be affecting important crops, and the preventive and remedial measures suggested by experts. Useful insecticides and fungicides, their preparation and uses.

No. 4799-800—EDN. 76-08-2, DATED BANGALORE, 21ST NOVEMBER 1908.

ORDER THEREON.—The Inspector General's proposals are approved. The examination may be held in the current year if the Inspector-General consider this practicable.

Government Proceedings No. 9876-80—Edn. 324-06-9, dated the 30th March 1908, sanctioning certain arrangements with a view to adapt the State Colleges to the requirements of the New University Regulations and calling for detailed proposals regarding the staff and other matters urgently required for beginning the work of the Intermediate classes in the two First Grade Colleges from January 1909.

2. Correspondence ending with letter No. 390, dated the 6th June 1908, from the Principal, Central College, submitting his proposals in the matter.

3. Correspondence ending with letter dated the 2nd July 1908, from the Inspector-General of Education in Mysore.

No. 5078-82—EDN. 370-07-12, DATED BANGALORE, 28TH NOVEMBER 1908.

ORDER THEREON.—The Government have in consultation with the Inspector-General of Education and the Principals of the two State Colleges, considered the details of the staff and other arrangements immediately required for these Colleges under the New University Regulations and are now in a position to pass final orders in the matter.

2. Government observe that Mr. E. P. Metcalfe, who has been appointed Professor of Physics in the Central College, is expected to join his appointment shortly and would be available both for supervising the Chemistry teaching of the Intermediate class during 1909, and for advising in regard to the equipment of a Chemical Laboratory. The appointment of a Senior Chemistry Professor is accordingly not immediately necessary and will be deferred till the next official year.

3. As regards Natural Science, Government are of opinion that a full-time Professor of Geology is necessary in the Central College, both for commencing the work of the Junior Intermediate class and for the equipment of the Natural Science Laboratory, in addition to teaching Geology in the B. A. classes under the old University Regulations. The services of Mr. V. S. Sambasiva Iyer, Lecturer in Geology, Central College, and Curator, Geological Museum, will be taken over entirely by the Education Department for a period of two years as full-time Professor of Geology, he being relieved of his work in the Geological Department from 1st January 1909. A competent Assistant Professor on a pay not exceeding Rs. 200 per mensem, will be appointed for teaching Zoology and Botany. The Inspector-General of Education will take very early steps to select a proper person for the post.

4. The Principal of the Central College has asked that in fixing the staff of the Central College, he may be allowed the services of an Assistant Master in the C. III Grade (100-10-210) for doing English Composition work and for teaching Ancient History to the Senior F. A. class students under the old Regulations in 1909. This appointment is sanctioned and the Inspector-General of Education is requested to arrange to select a suitable Assistant Master for the place in consultation with Mr. Tait. He has already been asked to submit proposals for the redistribution of the staff of the Central College between that College and the Bangalore High School to be constituted in January 1909; his proposals in the matter are awaited.

5. The following are the details of additional establishment and contingent charges sanctioned for the Central College from 1st January 1909 :—

Recurring Expenditure.

1.	An Assistant Professor for teaching Zoology and Botany on a pay not exceeding Rs. 200	Rs. 2,400	per annum.
2.	Three Laboratory peons at Rs. 8 each per mensem ...	„ 288	do
3.	Laboratory contingencies to be raised from Rs. 1,000 to Rs. 2,000	„ 1,000	do

Do for Chemical Science apparatus	...	...	„	5,000
Do for Laboratory fittings ...	...	...	„	2,000
		Total	...	18,450

6. As regards the Maharaja's College, Mysore, Government are of opinion that an additional Professor of English on a pay of Rs. 500-50-1000, (as already provided in the Government Order of the 18th March 1908) is immediately necessary to meet the requirements laid down in the Report of the University Inspection Commission. This is accordingly sanctioned with effect from the 1st January 1909. The Inspector-General is requested to make the necessary enquiries. and submit a recommendation for the orders of Government in regard to a specially qualified man for this appointment.

7. The Inspector-General will, by suitable transfers, provide a High School Assistant, who has taken at least a good second class in Mental and Moral Science in the B. A. Degree Examination for teaching Logic in the Intermediate classes of the Maharaja's College. The present History Assistant may continue to teach the subject for the time being. The additional clerk on Rs. 20 asked for by the Principal is sanctioned.

8. The following are the details of the additional establishment and contingent charges sanctioned for the Maharaja's College.

1.	Another English Professor on Rs 500-50-1,000	...	6,000	per annum.
2.	Another clerk on Rs. 20 per mensem ...	...	240	do
3.	Increase of library grant from Rs. 250 to Rs 1,500	...	1,250	do

10. As the establishment and contingent charges under recurring expenditure will be required only for five months during the current official year from January 1909, a sum of about Rs. 4,173 for this purpose and the sums of Rs. 2,650 for Library and Prize Grants and Rs. 18,450 for non-recurring expenditure amounting in all to Rs. 25,273 will be met from the provision of Rs. 27,500 made in the budget.

11. Except as ordered above, the appointment of other additional Professors and Assistant Professors sanctioned in the Government Order of the 30th March 1908, and the question of completing the equipment of the Central College Laboratories, will be taken up in connection with the budgets for 1909-10 and the 1910-11, as the B.A. classes under the New Regulations commence work only in July 1911.

Proceedings of the Government of His Highness the Maharaja of Mysore, General (Reports), dated 27th November 1908.

No. G. 3261-99—G. R. 10-08-8, DATED BANGALORE, 27TH NOVEMBER 1908.

ORDER.—In connection with the compilation of the Annual Administration Reports, Government have observed that serious differences often exist between the departmental accounts of revenue and the figures furnished by the Comptroller. The Comptroller, to whom the matter was referred for the suggestion of suitable remedies for this defect, reports that he addressed the Heads of Departments to inform him as to whether the credit statements sent by his office to them were being verified by them with their departmental accounts, and if so, to state what procedure was adopted by them for such verification. From replies received from the several Heads of Departments, the Comptroller understands that in some of the departments no attempt was being made to verify the departmental accounts with the credit statements, that in some it was partially and imperfectly done, while in some other departments no arrangements existed to compile or maintain any departmental accounts. He reports that he has suggested to the Heads of Departments that they should arrange to get monthly returns showing the receipts in their departments not from the treasuries as was attempted to be done in some instances, but independently from their subordinates in the districts or from officers that remit sums to the treasury on their behalf, and to arrange for a complete verification of their accounts with the credit statements sent by the Comptroller's office. It is understood that the Heads of certain Departments have already taken action on the suggestion.

2. Government observe that a reconciliation of departmental revenue figures with those of actual credits into the treasuries, on which the Comptroller's accounts are based, is of the utmost importance. Such a comparison is the only check on the proper realization of departmental revenue, and Government note with regret and surprise that there is no regular system of such reconciliation already in vogue.

3. Government direct that every department should maintain regular accounts of revenue which should every month be carefully verified with the credit statements from the Comptroller. If any new forms of accounts need to be prescribed for this purpose, the Heads of Departments should prescribe such forms in consultation with the Comptroller.

4. As regards expenditure, it will not be possible for Heads of Departments to maintain accurate accounts of every description of charge incurred in the whole of their departments for any month or year and the Comptroller's figures based on audited expenditure should therefore be used as far as possible.

5. It is understood that there is some delay in the transmission of credit statements from the Comptroller's office, and this is explained to be due to the late receipt of certain accounts from treasuries. Separate orders will issue from the Revenue Department directing the Revenue Commissioner to arrange in consultation with the Comptroller for the punctual submission of the treasury accounts on the due dates to the Comptroller to enable him to forward his monthly statements of credits to the several Heads of Departments before the close of the second month following that to which they relate.

Government order No. G. 825-33—G. R. 13-05-22, dated the 1st August 1907, declaring it to be impracticable to carry into effect the suggestion made at the Representative Assembly of 1905 that the duties of Kotwals and Dandies in 2nd class travellers' bungalows in the State be entrusted to the patels of the respective places and reserving for separate consideration the question of otherwise reducing the establishment of such bungalows.

No. G. 2918-35—G. M. 56-08-11, DATED BANGALORE, 13TH NOVEMBER 1908.

ORDER THEREON.—The question of reducing the establishments attached to 2nd class travellers' bungalows was referred to the Retrenchment Committee in August 1907. The Committee have, however, thought it desirable to consider the matter with reference to bungalows of the 1st as well as of the 2nd class in view of the fact that both classes of bungalows are maintained from Provincial funds and have submitted the following recommendations with due regard to the opinions of the Chief Engineer and the Deputy Commissioners of Districts and to the requirements of the bungalows :—

(i) That an establishment consisting of five hands (as particularized in the margin) at an average cost of about Rs. 35 per mensem would be sufficient for a first class bungalow.

1 Kotwal
1 Dandi
1 Meti
1 Watchman &
1 Toti

(ii) That the establishment of a second class bungalow may consist of three hands, *viz.*,

1 Kotwal or meti
1 Dandi or waterman
1 Toti or sweeper

at a cost varying from Rs. 18 to Rs. 21 per mensem ;

(iii) That a Deputy Commissioner may, however, with the previous sanction of Government transfer permanently or temporarily, a servant from one bungalow to a more important one of the same class in his District, provided that no extra expenditure is involved by such a rearrangement for the District as a whole; and

(iv) That, in Bangalore where, though no travellers' bungalow exists, a kotwal on Rs. 20, two dandies on Rs. 6 each and a mutsaddi on Rs. 10 are employed for supplying carts, etc., to the Military Department and Government Officers, the post of the mutsaddi is unnecessary and the establishment may be reduced to one of three hands, *viz.*, 1 kotwal, 1 dandi and 1 peon.

2. Government are pleased to accept the above proposals of the Retrenchment Committee and accordingly direct that the establishments consisting of hands in excess of these scales be reduced and brought into conformity therewith as early as possible. The men to be discharged should be given the usual notice or retired on compensation pension or gratuity if they are entitled to any. Wherever possible such men should be transferred to bungalows where the existing establishment is less than the scale of establishment now sanctioned. Except where the last mentioned arrangement is possible, establishments containing a smaller number of servants than the above scales permit should continue at their present strength till the reductions necessary in the strength of other bungalows in the district are effected.

3. In cases where the importance of any particular bungalow requires a strengthening of its establishment, Deputy Commissioners may, with the previous permission of Government, increase such establishments by a corresponding reduction of the establishments attached to the other bungalows of the same class in their respective districts provided that a rearrangement of this kind entails no extra expenditure for the district concerned as a whole.

General (Miscellaneous) dated 13th November 1908.

4. The financial effect of the retrenchments above ordered will be a saving of about Rs. 8,700 per annum consequent on the abolition of 125 appointments on the whole and is shown in the appended statement in detail.

5. Government desire to take this opportunity to commend to the attention of the District Boards concerned the feasibility of reducing the establishments of the 3rd class travellers' bungalows in the State wherever possible.

Government Order No. G. 5086-94—G. M. 327-04-14, dated 17th April 1906, prescribing a procedure for effectively dealing with complaints concerning damages caused on occasions of military manœuvres and deputing a special officer of the rank of an Assistant Commissioner to attend to such matters.

2. Government Order No. G. 8139—G. M. 12-06-68, dated 27th June 1907, revising the Mysore Civil Service Rules.

3. Also Government Order No. G. 2910—G.M. 175-08-1, dated 12th November 1908, sanctioning the appointment of an Additional Assistant Secretary to the staff of the General and Revenue Secretariat.

No. G. 3147-85—G. M. 22-08-24, DATED BANGALORE, 24TH NOVEMBER 1908.

ORDER THEREON.—In view of the fact that the British Military troops cantoned in the State take part in ordinary drill and other manœuvres from time to time throughout the year, it has become necessary to employ a special officer to accompany such troops during the manœuvres and settle compensation promptly for any loss or damage to crops caused by the troops and thus obviate inconvenience to the raiyats as far as possible. It has been found desirable for various reasons that such an officer should be of the status of an Assistant Commissioner. Government have found that, owing to the large number of Probationers in training, officers on leave, etc., the reserve of eight officers, provided in para XIV(1) of the Civil Service Rules issued with the Government Order dated 27th June 1907, is insufficient to permit of an officer being always deputed for this duty. They are therefore pleased to sanction an addition to the Cadre of Assistant Commissioners, and direct that the reserve of eight officers referred to above be increased to nine. Para XIV(1) of the Civil Service Rules of the 27th June 1907 will be amended accordingly.

2. The Special Assistant Commissioner will, when there are no military operations going on, be employed as a Personal Assistant to the Deputy Commissioner, Bangalore District, to assist him in the disposal of routine office work and in the discharge of any miscellaneous or special duties that may have to be attended to.

3. The total number in the Cadre of Assistant Commissioners as above amended will be 75, consisting of—

73 already included in the Schedules A and B referred to in the Government Order of the 27th June 1907 read above;

1 Additional Assistant Secretary to Government, General and Revenue Departments, sanctioned in the Government order dated 12th November 1908, read above, and

Letter No. 1166-42, dated 29th August 1907, from the Comptroller to the Government of His Highness the Maharaja of Mysore, forwarding for disposal petition from one Mahant Sivalingaswami of Jangamvadi Matt in Benares City, praying for the payment of the Tasdik to the Matt on the ground that he has succeeded to the Mahantship thereof.

Letter No. 31, dated the 10th September 1908, from the Officer in charge of the Palace Establishments, Mysore, submitting a report in the matter.

No. 154-5—Muz. 95-08-2, DATED BANGALORE, 4TH NOVEMBER 1908.

ORDER THEREON.—The Jangamvadi Matt in Banares is a Muzrai institution endowed with an annual cash Tasdik of Rs. 240. The amount was being remitted to Kasi Rajeswaraswami in Benares by the Officer in charge of the Palace Establishments month by month. The old Swami died on the 31st July 1907 and the allowance remains undrawn since September 1907, pending orders of Government regarding the succession to the Matt.

2. The Government of His Highness the Maharaja of Mysore are pleased to recognise the succession of Sri Mahant Sivalingaswami as Mahant of the Jangamvadi Matt in Benares City.

3. The Palace Officer is requested to remit the Tasdik amount to the new Swami and to submit early a bill for the arrears of the allowance due to the Matt.

No. 164-5—MUZ. 13-08-2, DATED BANGALORE, 9TH NOVEMBER 1908.

ORDER THEREON.—As called for in para 2 of the Government Order of the 16th July 1908 read above, the Deputy Commissioner has submitted under cover of his communication of the 29th September 1908 referred to above, a proposition statement showing the estimated average annual income of, and the expenditure proposed to be incurred in the temple of Sri Madhavaswami at Tirthahalli. Against an annual income of Rs. 290-12-0 an expenditure of a sum of Rs. 220-12-0 is proposed to be incurred in the temple, leaving thereby an annual saving of Rs. 70. The scale recommended by the Deputy Commissioner and appended to this order seems suitable and is accordingly sanctioned. Every endeavour should be made to secure a larger income to the temple by bringing under cultivation such of the temple lands as are lying fallow and also by leasing out the lands already under cultivation on more advantageous terms from next year.

Proceedings of the Government of His Highness the Maharaja of Mysore, Muzrai, dated 10th November 1908.

READ—

Government Proceedings No. 3742, dated 5th March 1906, passing orders regarding the Jeer's and Desikar's Utsavams at T.-Narsipur.

2. Petitions registered Nos. 4254 and nil, dated 16th March and 24th October 1907, received from Yejurveda Singlachar and other Tengale Srivaishnavas of T.-Narsipur, praying for permission to conduct the procession of the Jeer in the open streets of T.-Narsipur on the Jeer's Tirunakshatram and Sevartha days in accordance with *mamul*.

3. Letter No. 219, dated 24th November 1907, from the Deputy Commissioner, Mysore District, reporting on the above.

No. 186-7—MUZ. 112-08-2, DATED BANGALORE, 10TH NOVEMBER 1908.

ORDER THEREON.—The Government in their Proceedings of the 5th March 1906, read above, declined to grant the request of the Tengale Srivaishnavas of T.-Narsipur to allow the idol of Sri Gunja Narasimhaswami at the place to be brought to the new Jeer's temple situated outside the precincts of the former temple on the Jeer's Tirunakshatram day and worshipped there and also to permit the new Jeer idol to be taken in procession in front of and facing the image of Sri Gunja Narasimhaswami on that day on the ground that the proposed action was against *mamul*.

2. The petitioners now pray that they may be permitted to take the Jeer's idol in procession by *itself* in the streets of T.-Narsipur, on the Jeer's Tirunakshatra and Sevartha days, as sanctioned by *mamul*.

3. The Deputy Commissioner reports that the Amildar of T.-Narsipur, held an exhaustive enquiry into the matter and examined the old records and that these records abundantly prove that the Jeer's Tirunakshatra Utsavam was being celebrated on several occasions, that the mere fact that the said Utsavam was discontinued for some years on account of the loss of the idol cannot be said to prove the non-existence of such a practice, that both the Tengale and the Vadagale Srivaishnavas of T.-Narsipur who are the contending parties in the case were given ample opportunity to produce all the available records in their possession to prove their respective contentions and that from these records he is of opinion that the Jeer's Utsavam was a *mamul* one. For the above reasons the Deputy Commissioner is of opinion that there is no objection to take the Jeer Vigraha alone in procession through the streets of T.-Narsipur.

4. Under the foregoing circumstances, the Government concurring in the views of the Deputy Commissioner, are pleased to grant the request of the petitioners to carry the Jeer Vigraha only in procession in the public streets of T.-Narsipur according to *mamul* on Tirunakshatra and Sevartha days.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 123—21, dated 31st August 1908, from the Deputy Commissioner, Shimoga District.

"I have the honor to state that the temple of Sri Gangavisveswara Devaru at Bilamunde in the Tirthahalli Taluk is endowed with the marginally noted Inam lands at Beguvalli in the same taluk. The lands were in the possession of one Thimmappa, Vahivatdar who, according to the statement of the saguvalidars, was getting from them an annual income of nearly Rs. 295. Though he was in receipt of such a handsome amount the Vahivatdar made no arrangements for the regular performance of the services in the temple but allowed it to go to ruins.

		A.	G.	Assessment	
Survey No.	183 Wet	12	8	40-0-0	Jodi
	184 Garden	5	10	73-0-0	28-6-0

2 It is reported that owing to the Vahivatdar's neglect, the Chandrasala of the temple and a portion of the compound wall have fallen down and that the manner in which the materials belonging to them have been disposed of, is not known. The image of the deity is reported to have been replaced and the lands are stated to be in a very much neglected condition.

3. Of the 2 Survey numbers belonging to the temple, Survey No. 184 has been permanently leased out by the Vahivatdar to one Pandeswara Seetharamaiya of South Canara District for an annual rent of Rs. 90-5-0. The rent actually derived from this land being of the value of Rs. 253-8-0 per annum on an average, the lessee gets annually a net income of Rs. 163-3-0 which he appropriates to himself, while the lease amount of Rs. 90-5-0 is being appropriated by the Vahivatdar Thimmappa.

4. The other S. No. 183 has been mortgaged by Thimmappa to Ganavalli Manjappa as security for a private debt contracted by him.

5. The two lands in question had been attached by the Munsiff of Shimoga in execution of a decree for the realization of the Vahivatdar's debts and with the sanction of Government conveyed in Proceedings No. 5431-2, dated 22nd May 1908, the Public Prosecutor has been asked to move the Court to release the lands from attachment as they belong to the temple and the result of the action taken by the Public Prosecutor in the matter will be communicated on receipt of a further report from him.

6. It is thus clear that the lands have been alienated by Thimmappa from the temple. It also appears from the records that Thimmappa once with a fraudulent intention tried to secure S. No. 183 to his minor son in a revenue sale for arrears due on the land brought about by the intentional neglect of Thimmappa himself in whose name the Khate of the land had been made out by means of a similarly fraudulent transaction. When this fraud was detected in the year 1899, Mr. C. B. Seshagiri Rao, the then Assistant Commissioner, ordered that the land should be entered in the name of the temple and that Thimmappa should be deprived of the management of the lands as he had shown himself to be unworthy of the trust placed in him. On further representation, however he was re-entrusted with the management of the lands by Mr. M. Shama Rao on 20th July 1899.

7. This is the state in which the affairs of the temple stand at present and in view of the utter mismanagement thereof by Vahivatdar Thimmappa who is so indifferent as not even to appear before the Amildar for examination though duly summoned, it is no longer desirable to continue the Vahivati to him.

8. Ganavalli Manjappa the mortgagee of S. No. 183 has from an interested motive applied for the management being entrusted to him. In the year 1906, he applied to the Deputy Commissioner to cause S. No. 183 to be removed from the list of Inam lands, alleging that the land was really a Government land belonging to Thimmappa but that it had been caused by him to be entered as Inam belonging to the temple in order to defraud him, the mortgagee. On enquiry the Deputy Commissioner Mr. M. Narain Rao on 1st May 1907 ordered that there was no reason to order the change asked for by the petitioner as there was no doubt that the land was Inam. His present application to be made the Vahivatdar is another dodge employed to enable him to come into the possession of the land, and there is therefore no hope of the condition of affairs improving under Manjappa's management either.

9. In consideration of these facts, Mr. M Narain Rao, the Deputy Commissioner, ordered on 24th April 1908, that the lands and the temple affairs should be taken over under Government management. In pursuance of this order, the income derived from the lands amounting to Rs. 386-0-1 for the year 1907-08 was received by the Amildar and after paying Rs. 40-11-9 on account of Government dues on the land the balance, *viz.*, Rs. 345-4-4 has been held in deposit in favour of the temple. I solicit that the order of Mr. M. Narain Rao directing the assumption of the management of the affairs of the temple by Government may be approved.

10. A list (Appendix A) is appended showing the probable annual income of the temple and the scale of expenditure proposed to be incurred. The income shown in the list which is Rs. 309-4-0 is less than what was realized for the year 1907-08 and the difference is due to the fact that the estimated income contained in the list is leased upon the average price of arecanut, while the larger amount realized last year was due to the higher price that arecanut fetched in that year. It is believed that the income of the temple will not in any year be less than what is entered in the statement and hence after making provision for expenditure in the temple according to the proposed scale, there can be expected to be a surplus of at least Rs. 130-0-0 each year towards the funds of the temple. The scale of expenditure proposed may in these circumstances be sanctioned.

11. Appendix B contains the names of the persons proposed to be appointed as Dharmadarsis to supervise the affairs of the temple and I solicit sanction to their appointment.

12. The Amildar represents that it is difficult to secure good men to cultivate the lands on leases from year to year and that it would be more profitable to the temple to let out the lands for a period of 10 or 15 years. There appears to be some force in the Amildar's representation and I would suggest therefore that these lands may be leased for 10 years at a time as in the case of the Salejungal village belonging to the Sri Sosale Vyasaroyaswami Matt (Vide Government Proceedings No. 2715-7, dated 21st November 1906.

13. During the current year it is reported that as no men were forthcoming to cultivate the lands with their own capital, advances were in anticipation of sanction given to certain persons to help them to cultivate the lands with a view to preventing loss to the temple that may result from allowing the lands to be waste The advance will be adjusted at the time of delivery of rent on the lands (*i e*,) about the month of February next Sanction is therefore solicited to pay out of the amount held in deposit in favour of the temple the sum of Rs. 56 advanced by the Patel of Begavalli to the cultivators.

14 An estimate for the urgent repairs of the temple will be obtained and submitted"

No. 191-4—Muz. 113-08-2, DATED BANGALORE, 10TH NOVEMBER 1908.

ORDER THEREON.—From the above, it is clear that the temple of Sri Gangavisveswara Devaru at Bilamundi in the Tirthahalli Taluk and its affairs have been allowed to fall into a neglected condition, and that the temple Inam lands have been mortgaged or permanently leased out for inadequate amounts and have thus been rendered liable to be resumed under the Alienation Rules issued under the late Chief Commissioner's Notification No. 266, dated 17th November 1877. As Thimmappa, Vahivatdar of the temple is reported to be responsible for the above irregularities, the Government are pleased to approve of the Deputy Commissioner Mr. M. Narain Rao's action in removing him from the management of the temple affairs and taking over the Institution and its lands under Government management. Government are also pleased to sanction the scale of expenditure (specified in the margin) amounting to Rs. 179-4-0 per annum against an income of Rs. 309-4-0 as recommended by the Deputy Commissioner and direct that the services in the temple be performed regularly in accordance with this scale.

Establishment	60	0	0
Daily services	54	0	0
Special Services	18	12	8
Miscellaneous	46	7	4

2. The Deputy Commissioner's proposal to lease out the temple lands for a period of 10 years and the payment of an advance of Rs. 56 made by him from the funds of the institution to the raiyats for cultivating these lands are also approved. The advance should be adjusted early and the fact reported.

Muzrai, dated 10th November 1908.

3. The Deputy Commissioner is requested to submit the promised estimate for the urgent repairs needed to the temple, for the sanction of Government at an early date.

4. A Notification will separately issue appointing Dharmadarsis to the temple.
